CALL FOR ENTRIES:

Break a Leg

PHOTO-EMPHASIS is pleased to announce *Break a Leg: Performance-based and Constructed Imagery*, our fourth juried exhibition.

We’re looking for fresh, current, and diverse work by emerging and established artists. From self-portraiture and staged portraiture of others, to the construction of spaces, places, and environments; from the fabrication of still-lives and photographs-as-object, to the performance of truth or fiction for the camera; show us your best work intentionally shaped, altered, or directed by your hand and vision.
