Horse Apparel

After a long experience on sports technical equipment, also for other important brands in the equestrian world, Nicola Garbossa in the last years founded eQuick with the target to offer something new and innovative.

Our experience with horses and materials help us to test everything and offer you the best product.

At the first place of our mission there's the horse. We study solutions to make better protections, testing materials and innovative ideas with an enthusiastic and specialized staff that everyday work on the development of our products.

eQuick *eDiamond Stud Guard Girth*

The completely new eDiamond guard girth is particularly lightweight, extremely flexible and resistant thanks to a combination of technical materials as TPU and HLC that at the moment are the most performing on the market.

CODE: EQ DIAMOND GIR
Size: 120cm, 130cm, 140cm
Colours: Black, Brown

eQuick *eShock Lambswool Open Front Boot*

Special lining, real lamb's wool for unparalleled comfort. Shock-absorbing FluidGel. High strength. High cushioning. Maximum protection.

CODE: EQ ESHOCK LW FR

eShock Young Jump Velcro Fetlock Boot

Designed with the young jumper in mind. With protection FluidGel anti-shock. High strength. High cushioning. Maximum protection.

CODE: EQ ESHOCK YG RR
Size: Small, Med, Large
Colours: Black, Brown

eQuick *Eventing Front Boot*

The tendon boot cross country eVenting is very light (165 grams!) Thanks to a combination of innovative materials. Rigid parts guarantee a high impact protection in the most delicate limbs of the horse. The tendon boot is very tight in the legs of the animal and elongated towards the knee, while leaving maximum freedom of movement to the pastoral.

CODE: EQ EVENTING FRO
Size: Sml, Med, Large
Colours: Black

eQuick *Eventing Rear Boot*

The tendon boot cross country eVenting is very light (165 grams!) Thanks to a combination of innovative materials. Rigid parts guarantee a high impact protection in the most delicate limbs of the horse. The tendon boot is very tight in the legs of the animal and elongated towards the knee, while leaving maximum freedom of movement to the pastoral.

CODE: EQ EVENTING RR
Size: Sml, Med, Large
Colours: Black

eQuick *Aero Magneto Front Stable Boots*

Resting shinguard with velcro and elastic support to improve adjustment of compression on the horse's leg. Perfectly shaped to prevent sliding off, enhance tendon control, and prevent after-exercise swelling.

CODE: EQ AERO MAG FR
Size: Sml, Med, Large
Colours: Black
