11. FOR DISCUSSION:
   a. Downstairs HVAC and renovation projects: Jeff Schlecht presented various options for moving forward with the HVAC replacement that was hoped to be covered by the Library Construction Bond grant. The grant application was divided into three categories: upgrading the mechanical system to allow use of the lower level, an elevator, and maximizing space. Jeff suggested the priorities as mechanical first, a space plan as second and the elevator as the third project to be addressed. He indicated the grant request was $650,000 for these projects but there will most likely be price increases as we move forward. Cathy Osborn indicated a need for replacing the whole system and discussed ways of funding this. She suggested a committee of Board members be tasked with this study. Perhaps an engineer should be hired to do a feasibility study and could provide the detailed specifications of the project. Jeff asked the Board’s permission to talk to engineers for guidance on how to proceed. Cathy asked Jon Cole, the incoming alternate for the Mayor to discuss progress with Millennium Strategies on identifying potential grant sources.
