   - The Centennial kickoff is scheduled for March 26 and will coincide with NJ Maker’s Day.
   - Ellen reported that the State Library has launched a program, “Just for the Health of It,” which provides libraries with pre-loaded iPads to be used for telehealth visits, job interviews, and other video conferencing applications. GLRK will participate in this initiative.
   - Ellen announced that BCCLS received $175,000 from the Bergen County Board of Commissioners which will be split evenly among the Bergen libraries. This money ($2822) and the State Aid grant will be allocated to the Hoopla and Kanopy lines of our budget.

10. FOR INFORMATION: none

11. FOR DISCUSSION:
   a. Downstairs project: order of priorities. Jeff Schlecht outlined the long-term plan for building improvements to maximize available space and provide direct public access to the lower level. A component of maximizing space is the replacement of the existing HVAC system with a more compact footprint, greater energy efficiency, and one that will circulate fresh air into the building. Three options for replacing this mechanical system were presented and Jeff was seeking consensus on the preferred options to be included in the upcoming budget presentation to the Borough. He anticipates this replacement, installation of an elevator, the creation of a multipurpose meeting room along with smaller meeting rooms, and public lavatories will cost 2.1 million dollars. His presentation included a detailed and comprehensive budget. It was agreed that the HVAC replacement is ranked first, the space renovation including converting the handi-lift into storage space is second, and an elevator is third. In addition to requesting funding from the Borough, Millennium Strategies will be asked to explore grant opportunities. Of particular interest is the non-competitive Direct Install program from PSE&G.
   b. Front steps project-how to fund: Ellen O'Keefe proposed three options for covering the $5200 cost for replacing the front steps which have to be repaired for safety: the money could be taken from the expected reimbursement for PPE purchases; the Borough could be asked to pay for the project; or money could be moved from the capital reserve fund to cover it.

   I. Centennial Committee: Kathleen Walter presented a powerpoint of the timeline she created of the Library’s history. This received high praise and will be emailed to the Board. Christa Folco announced that a bookmark competition will be part of the celebration.

14. UNFINISHED BUSINESS: none

15. NEW BUSINESS:
   • Ellen O’Keefe reported that the Borough instructed all Borough employees to wear N95 or KN95 masks earlier in the month. This issue will be revisited in the future when Governor Murphy lifts the mask mandate. Conflict with the public is anticipated when the schools eliminate masking and the Borough continues to require them in public buildings, i.e. the Library. Rachel Feinmark indicated that she will contact Kristine Morieko to determine the direction the Borough is taking on this issue.
   • The question was raised about continuing Library Board meetings on Zoom or resuming an in-person format. Ellen will check with Eric Steinberg, the Library’s attorney to determine the options.

16. ADJOURNMENT: Lisa Tomaselli moved to adjourn the meeting at 8:46 p.m. Second: Jeff Schlecht. Motion carried. The next meeting is scheduled for Thursday, March 10 at 7:30 pm.

Respectfully submitted,

Catherine M. Dodwell
