Underweight: Analyst's defined Sector/Industry Index* is expected to underperform the S&P 500 over the following 6 to 12 months.

General Disclosures

This publication does not constitute an offer or solicitation of any transaction in any securities referred to herein. Ratings that use the "Speculative" risk qualifier are considered higher-risk. Any recommendation contained herein may not be suitable for all investors.

The Benchmark Company, LLC makes every effort to use reliable, comprehensive information, but we make no representation that it is accurate or complete. We have no obligation to tell you when information in this report changes apart from when we intend to discontinue research coverage of a subject company.

Although the information contained in the subject report has been obtained from sources we believe to be reliable, its accuracy and completeness cannot be guaranteed.

This publication and any recommendation contained herein speak only as of the date hereof and are subject to change without notice. The Benchmark Company, LLC and its affiliated companies and employees shall have no obligation to update or amend any information herein.

This publication is being furnished to you for informational purposes only and on the condition that it will not form a primary basis for any investment decision. Each investor must make its own determination of the appropriateness of an investment in any securities referred to herein based on the legal, tax and accounting considerations applicable to such investor and its own investment strategy. By virtue of this publication, none of The Benchmark Company, LLC or any of its employees shall be responsible for any investment decision.

This report may discuss numerous securities, some of which may not be qualified for sale in certain states and may therefore not be offered to investors in such states.

The "Recent Price" stated on the cover page reflects the nearest closing price prior to the date of publication.
