How to use?

1. Spawn the 3D keys

Look at the marker.

2. Position the marker

Place the marker at the left-upper edge of the Middle C. (The system will guide you.)

3. Align the 3D keyboard

Move and rotate the marker to align the 3D keys with the real keyboard.

4. Spawn the full-size 3D keyboard

Press Middle C to lock the 3D key position and spawn the full-size 3D keyboard.

5. Confirm the alignment Result

Press Middle C again to confirm the result. Press the E above Middle C to unlock and re-align the 3D keyboard.
