Our Team

Julian Goresko
Sustainability Director

Jessica Bast
Student Outreach Coordinator

Jason Mathias
Strategic Initiatives Coordinator
Our Initiatives

JHU's Sustainability Office helps lead a collaborative vision for a more sustainable university, bringing together students, faculty, and staff to focus on strategic initiatives in:

• Academics
• Buildings
• Climate & Energy
• Food
• Transportation
• Waste
• Water
Homewood Solar Installation:

- 1,000MWh annually
- 545 tons of GhG
- Equivalent to 112 households
Undergraduate Teaching Labs:
- LEED Platinum building
- 40% less energy than code
- Water-efficiency technologies
Single Occupancy Vehicle Reduction:
• Bicycling infrastructure & events
• Mass transportation incentives
• Live Near Your Work benefits
Waste Minimization:

- FY17 waste diversion ~43%
- Eco-Swap move-out program
- Furniture reuse programs
Students!

- Eco-Rep internships
- Green Lead first-year program
- Campus events
- ...and much more
Supporting Teaching & Research
• Campus-as-lab initiatives
• Student research internships
• Educational events and mentoring
