and email lpurutyan@framingham.edu

LOGISTICS

- **Paid Summer Internship**
 - In-person at McAuliffe Center
 - June 24 to July 26, 2024
 - Six hours/day, Monday through Thursday
 - No personal vacation allowed during the internship
 - \$15/hour, up to 120 hours
 - **Application process opens in early April**

What we will do

- Collaborate with *MassEnergize* and the City of Framingham on a community solar project
- Understand how climate and environmental issues have a negative impact on the life of our local communities
- Use STEM practices and social justice approaches to propose ideas/strategies to mitigate/reduce climate change negative impacts.
- Engage in team mentorship: advisors and a dedicated program staff support small project teams.

Project-Based Learning

- **Open-ended driving questions or challenges**
- Problem solving, collaboration, communication
- **Proactively share ideas and opinions**
- Feedback and multiple revisions
- **Public event**

EXPECTATIONS

- Attend regularly every session
- Be proactive to inform if late or absent
- Practice norms of collaboration and teamwork
- Ask questions of peers, staff and subject-matter experts
- Practice giving and receiving feedback
- Incorporate feedback from peers and supervisors to improve work and foster personal growth
- Communicate, Collaborate, Revise, Share; Communicate, Collaborate, Revise, Share; Comm

PROGRAM PHILOSOPHY
