

— THE GREAT —
Quad Cities
 — LISTEN —

Launching soon!

The Joyce and Tony Singh Family Foundation

For nearly two centuries Quad Citizens have lived along the Mississippi River, arriving from all over the world and representing all walks of life. **The Great Quad Cities Listen** is an attempt to collect and share all of our various stories. By sharing our personal stories with one another, we hope to not only gain civic pride, but moreover to build connections between diverse communities and create a more compassionate Quad Cities.

WVIK will:

- **Broadcast select stories** on WVIK during Morning Edition all year
- **Make additional excerpts available online** at WVIK.org, through iTunes, and through Google Play
- **Submit all stories to the Library of Congress** through the StoryCorps.me platform

You can participate by:

- **Inviting your members or employees** to participate through newsletters, emails, public announcements, and hanging posters.
- **Providing a location** or volunteers for the day of recording
- **Supporting the initiative financially** through sponsorship
