Resources: Coaches Across Continents will provide full access to all ASK for Choice curriculum, Online Education and virtual support plus the ASK for Choice on-field program in 2018.

The Policy 2018:

Attitudes

We are committed to shifting attitudes around opportunities for girls’ education so that more community members support girls in school, in sport, and in life. We want to challenge traditional gender roles and stereotypes that we’ve identified as detrimental so that girls, women, and people identifying as LGBT are included and empowered through our programs.

Skills

We are committed to developing leadership skills, in ourselves and in our players, so that together we can build the future we wish to see.

Knowledge

We are committed to learning and teaching about health & wellness strategies as well as the legal rights of all people in Leogane.

Choice

We want to create choices for girls’ and women’s rights to be respected in our communities, in order to empower everyone as we advance and combat poverty together.
