Camps will be held at The Godnick Adult Center and will largely take place outdoors where we have set up a tent and have easy access to a hand-washing station and restrooms. In the case of inclement weather, campers and staff will go indoors to the large banquet room where they will continue practicing social distancing. Individuals will be asked to wear a mask in any case that social distancing becomes difficult.

Camp sizes are limited to no more than 15 campers and 2 counselors as we are following CDC guidelines for gatherings.

- Counselors are all CPR/First Aid Certified
- Counselors have all completed the COVID VOSHA Training
- Counselors will have temperatures taken upon arrival to work and will follow the same guidelines for illness as campers (SEE BELOW)
- Counselors are not required to wear masks outdoors during camp as all campers and counselors will have plenty of space to practice social distancing.

Masks Policy:

- Please provide a cloth mask for your child to wear during camp.
 - We will have some extras, but in a limited supply.
- Masks will be required during drop off/pick up.
- Masks will not be required during outdoor play, snack time, or lunch time.
- We may ask that campers wear their masks when social distancing is not being properly practiced.
- During Essential Care, we found that clothing with pockets made it easiest for proper storage of masks when they are not being worn.

Please Bring:

- Water Bottle with Name on the bottle
- Cloth Mask
- Snack
- Lunch
- Clothing that will withstand arts and crafts and movement
