Leaders, please prayerfully consider applying as a camp counselor. If you attend camp your students will follow. Lives are changed at camp! Your participation in promoting and attending camp this summer will make a huge difference! Please take note that the counselor application forms are all available online. Go to [www.youthministries.ca](http://www.youthministries.ca) to apply.

Enclosed in this mail out you will find the camp poster, information page, camp registration form, and the youth camp code of conduct. Please make additional photocopies of the forms for individuals in your church and community. The poster and forms can also be found online at [www.youthministries.ca](http://www.youthministries.ca). As a reminder, the entire registration process can be completed online (registration, payment, and code of conduct). Please direct parents to the website for all camp information.

The early registration date ends on June 30th. Be sure to take advantage of this price break!

Please join us in prayer to see God do great things in and through our students!

Sincerely,
