**Haragopal Mangipudi**  
**Global board member ISPMA**

Hara is a practitioner-cum-academic in software product management, adjunct faculty at IIMB & IIITB, Global board member of ISPMA and Founder of guNaka consulting. A distinguished alumnus awardee from IIM Bangalore, he was the ex-head of Finacle (Infosys). He is the conference co-chair of SPM Summit India 2022.

**Hans-Bernd Kittlaus,**  
**Chairman ISPMA e.v**

Hans-Bernd Kittlaus is the chairman of ISPMA e.V. He is also the owner and general manager of InnoTivum Consulting (www.innotivum.com) which he founded in 2001. He was Director of SIZ GmbH (Computing Center of the German Savings Banks Organization, Germany) and Head of Software Product Management and Development units of IBM. Having been a leader in the area of software product management for 30 years, he continues to work as a consultant, coach and trainer for both corporate IT organizations and product organizations in a number of industries. He is a frequent presenter at conferences and universities and has published numerous books and articles, his latest being “Software Product Management: The ISPMA-Compliant Study Guide and Handbook” (with Samuel Fricker, Springer 2017).

**Prof. Rishikesha T. Krishnan,**  
**Director IIM Bangalore**

Prof. Rishi is the Director & teaches Strategy at IIMB. He previously served as the Director of IIM Indore. He has written 140 publications including the two books on innovation - *From Jugaad to Systematic Innovation: The Challenge for India*, published in February 2010, and *8 Steps to Innovation: Going from Jugaad to Excellence*. The latter won the Best Book Award 2013-14 from the Indian Society for Training and Development. He has done double masters one from IIT, Kanpur and the other from Stanford University, USA. He is a fellow from IIM Ahmedabad.
Prof. S. Sadagopan,
Chairman ISPMA India Chapter

Professor Sadagopan is the Chairman of ISPMA India Chapter, Ex. Director of IIIT Bangalore is an alumnus of Madras University, India and Purdue University, USA. He taught for over 25 years at IIT Kanpur, IIM Bangalore, IIT Madras and IIIT Bangalore in addition to short teaching assignments at RUTGERS, USA and AIT, Bangkok. He has authored seven books, several book chapters and papers. He is a Fellow of IEE (UK) and Computer Society of India. He is a Senior Member of IEEE, ACM and AIS.

Debjani Ghosh,
President, NASSCOM

Debjani Ghosh is the President of the National Association of Software & Services Companies (NASSCOM) since April 2018. A veteran of the technology industry, she is the fifth president of NASSCOM and the first woman at the helm in three-decade history. She is a firm believer in the power of technology in enhancing lives and livelihoods, leveraging it for societal good. She was instrumental in developing the ‘Think Digital, Think India’ strategy aimed at establishing India as a hub for digital talent and innovation. Debjani strongly believes technology will have the most impact on humankind when it is used as an enabler of inclusive growth and that India must lead in the digital era with a focus on the responsible build and use of tech as an accelerator and equalizer.

Dilip Asbe,
Managing Director and CEO, NPCI

Mr. Dilip Asbe is the MD & CEO of National Payments Corporation of India (NPCI). He has played a pivotal role in designing, building, operationalisation and management of large-scale innovative payments processing platforms like Immediate Payment Service (IMPS), Aadhaar enabled Payment System (AePS), India's home grown card network RuPay and much acclaimed Unified Payments Interface (UPI). He has won numerous awards. In 2019, he was awarded the Financial Express Award in Fintech category from the Hon'ble FM, Ms Nirmala Sitharaman. In 2020 another feather was added by CNBC TV18 at the India Business Leader of the Year Award for UPI product terming it as ‘The Disruptor’.
Girish Mathrubootham, 
CEO & Founder, Freshworks

Girish Mathrubootham is the CEO and founder of Freshworks. In 10 years, with backing from leading investors including Accel, Sequoia, Tiger Global Management, and CapitalG, Girish has taken Freshworks from an idea to a leading software company empowering businesses to delight their customers and employees. Under his leadership, Freshworks has expanded its operations to 13 global locations to serve over 50,000 customers throughout the world. He is also a prominent venture capital investor and adviser to over 60 companies, and founding member of SaaSBOOMi, Asia's largest community of founders and product builders.

Tathagat Varma, 
VP Strategy Walmart Global Tech and PhD Scholar, ISB Hyderabad

Tathagat (TV) is a Software executive, product leader and technologist with 27+ years’ experience building organizations ground-up and shipping multiple “1.0” products (revenue impact over US$ Billion+) with Fortune 500 companies and start-ups. Currently, he is the vice president of strategy & chief of staff at Walmart Global Tech (India). He is the program chair of Industry Track in SPM Summit India 2022.

Aarti Mohan, 
Co-founder and Partner, Sattva Consulting

Aarti is a co-founder and Partner at Sattva Consulting. She heads the Foundations unit that works closely with Global and Indian Foundations, Multi-laterals, state governments and their ecosystems to deliver impact. Aarti has over 14+ years of experience spanning advisory, research, and business leadership at Sattva. As part of her earlier role leading Research Advisory, Aarti has led the creation of several flagship research and knowledge reports and multiple engagements curating knowledge exchanges in the sector bringing together funders, philanthropists, foundations, and non-profits; she has also spoken and curated discussions at leading conferences. She has led the design and anchoring of several large-scale impact initiatives across healthcare, women’s economic empowerment, water and digital transformation.
Prof. S. Rajagopalan,  
President, MOSIP

Dr. S. Rajagopalan is the President of MOSIP. He received his Bachelor of Technology degree (Chemical Engineering) from IIT Delhi, Post Graduate Diploma in Management from IIM Bangalore and Ph.D. from IIT Kanpur. He was the CEO of the Karnataka State Council for Science and Technology from 1982 to 1993 and was involved in managing innovations that addressed the problems of Karnataka. His areas of interest included innovation dissemination, Geographical Information Systems, and urban mobility. He was the founder Director of the IIITB Innovation Centre, which aimed at incubating and promoting innovations in Information and Communication Technologies.

Dr. Anirban Majumdar,  
Global Head of Platform Adoption & Advisory at SAP SE, Germany

Dr. Anirban Majumdar is the Head of Platform Adoption & Advisory team in the Technology & Innovation Board area at SAP. He leads a team of engineers, architects, and business developers who solve real-life customer use cases and create architecture best practices to accelerate adoption of the SAP Business Technology Platform. Anirban joined SAP in 2008 and has contributed to product development, engineering management, and strategy in various capacities within the Technology & Innovation board area. He holds a PhD in Computer Science from the University of Auckland, New Zealand.

Ritesh Shukhla,  
International Markets, NPCI / NPIL

Mr. Ritesh Shukla is Chief Executive Officer of National Payments Corporation of India, International (NIPL) & is responsible for formulating business strategies and leading business development by deploying NPCI’s technology and solutions in International Markets. His responsibilities include engaging and collaborating with traditional as well non-traditional players in payment ecosystem to drive business strategy and achieve growth. Mr. Shukla holds a master's degree in Business Administration with specialization in International Business. He has over 20 years of work experience with expertise in areas of managing country business, leading business development and relationship management.
Abhijit Bendigiri,
Group Product Manager, tangoRx

Uttam Ramamurthy,
Director & Principal Engineer, Cerner

Uttam Ramamurthy leads Cerner Intelligence India efforts in deploying innovation in Machine Learning and Artificial Intelligence for Cerner clients. He led the emerging Market initiative to build NCD & Screening solutions for India. He also played a key role in establishing Technical Leadership track in India by forming the TIG (Technology Interest Group) and has been leading it. He is a graduate of the Visvesvaraya University where he earned a Bachelor of Engineering in Mechanical. Uttam has earned the certifications for Project Management Professional and Certified Scrum master.

Dr. Jan Bosch,
Professor Chalmers University Technology, Sweden

Jan Bosch is a professor at Chalmers University Technology in Gothenburg, Sweden and director of the Software Center (www.software-center.se), a strategic partner-funded collaboration between 17 large European companies and five universities focused on digitalization. His research activities include digitalisation, evidence-based development, business ecosystems, artificial intelligence and machine / deep learning, software architecture, software product families and software variability management. He is the author of several books including Design and Use of Software Architectures: Adopting and Evolving a Product Line Approach published by Pearson Education and Speed, Data and Ecosystems: Excelling in a Software-Driven World published by Taylor and Francis, editor of several books and volumes and author of hundreds of research articles.
**Pramod Walvekar,**  
*Principal Group SWE Manager, Microsoft India Pvt. Ltd*

Pramod Walvekar is a Principal Group SWE Manager working at Microsoft India Pvt. Ltd. at Hyderabad, India. He has 25+ years of industry experience developing software products and designing enterprise scale services. Having spent 10+ years working at Microsoft Corp. in Redmond, he has keen insights on working with global partners and consumers in various capacities. In his current role, his primary focus is to ensure safe and secure release of various Microsoft products to customers worldwide. He has extensive people management expertise in leading development teams with strong focus on customer scenarios and service health. An avid yoga practitioner, he is a proponent of lean and agile methodologies.

---

**Dr. Mukund Rao,**  
*Consulting in EO, GIS and Space*

Dr Mukund Kadursrinivas Rao is an expert in space and technology and applications – specialising in Earth Observation (EO), Geographical Information Systems (GIS) and space policy. He has MSc Geology, MPhil in RS and GIS and PhD in RS and GIS. Dr. Rao has ~40 years of unique government, industry/consulting and not-for-profit experience in EO, GIS and space. Dr Rao has served Indian Space Research Organisation (ISRO) for 24 years. In 2015, Dr. Rao was nominated by Karnataka Government as the Member-Secretary of Karnataka Jnana Aayoga (KJA) – a “think-tank” body.

---

**Rakesh Verma,**  
*Co-Founder, Chairman & Managing Director, MapmyIndia*

“More than 80% all data will have a location component to it,” said Rakesh as early as in 1995 when he started his venture. And to realize this vision, he set to work to map out India in all her vastness and variety, in fine details. Building a team of dedicated professionals, he went on to create the most comprehensive and perhaps the first digital map data product of India and a platform indigenously developed to serve the map of any county for various use cases. Rakesh has now set sights to make the company into a global player through its Mapps brand. An engineer from BITS Pilani (1972), and an MBA from Eastern Washington University, U.S.A. (1979), Rakesh has been conferred many prestigious awards, recognitions and is sought after by governments and leading industry bodies to lead or be part of think-tanks and committees on geospatial and location technologies.
Prateep Basu, Co-founder and CEO, SatSure

Mr. Prateep Basu is the co-founder and Chief Executive Officer at SatSure, a decision analytics start-up based out of Bengaluru, that is working on solutions to enable technology access for financing in agriculture, clean energy, and sustainable development programs globally. Mr. Basu is a seasoned space industry professional with work experience in both the business and technology front. An aerospace engineer from the Indian Institute of Space Science and Technology, Trivandrum with post-graduation in Space Studies from the International Space University, Strasbourg, Mr. Basu has a decade worth of experience in the space industry and has previously worked as a scientist in ISRO, and as a geospatial industry analyst at Boston based Northern Sky Research (NSR), prior to starting SatSure.

Dr. Narayan Panigrahi, Scientist-G and Head GIS Division, CAIR, DRDO

Speaker Biography: Dr Narayan Panigrahi has received PhD from IIT Bombay. He is the recipient of Governor’s gold medal and best graduate of Berhampur University, Odisha. He has authored Seventy (70) research papers in peer reviewed journals and conferences. He is the inventor of six (6) Indian patents and has authored nine books (9) and one book chapter in the field of Geographical Information Science and System. The books entitled “Geographical Information Science”, “Computations in GIS” and “Brain Computer Interface”, are some of his noteworthy contributions used in the academic curriculum worldwide. He was awarded “National Award for Geo-Spatial Excellence”, by Indian Society of Remote Sensing and “DRDO Award for Excellence in Self Reliance”, in the year 2019.

Jayachandran Mani, Project Director, K-GIS at Karnataka State Remote Sensing Applications Centre

Jayachandran is the Project Director at K-GIS, On successful completion of K-GIS project for 3 years on Mission mode, it is integrated within e-governance department as an integral part of governance system. His primary role is to enable all departments of the government to use K-GIS as a platform for planning and decision making. More and more schemes and programs are being integrated with geo-spatial data of K-GIS and analytics built on top of it.
