

THIS IS TITLE IV-A

Student Support and Academic Enrichment (SSAE) grant program

Title IV-A of the Every Student Succeeds Act

Authorized at \$1.6 billion, Title IV-A is a formula grant program that supports the district use of funds in three broad areas:

WELL-ROUNDED EDUCATION

STEM, Music, Art, Health Education, Physical Education, Computer Science, CTE, social emotional learning, dropout prevention, and more

SAFE & HEALTHY SCHOOLS

Mental health services, violence prevention, counseling, trauma-informed practice, school climate and safety initiatives, integrated supports for students and families, and more

TECHNOLOGY

Instructional support, specialized professional development, blended and personalized learning, securing open and free resources, infrastructure and digital devices, and more

School districts that receive an allocation **above \$30,000** must do a needs assessment and spend:

20% on well-rounded education programming

20% of on safe & healthy school programs

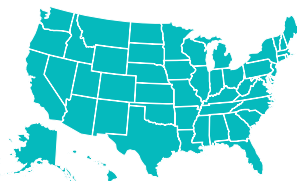

The remaining 60% can be spent in all 3 areas, with at least some on technology

School districts that receive an allocation **below \$30,000** do not have to follow the 20/20/60 rule and can spend their funds as needed in 1 or all 3 of the areas.

FUNDING PROCESS:

1. Congress appropriates funds each year

2. States receive the funds July 1

3. School districts apply to states for funds and have 2 years to use them

The amount districts receive each year is dependent on what Congress allocates. We urge Congress to fully fund the SSAE grants under Title IV-A.
