Where the Operator or any person on his behalf or for whom he is responsible causes death, personal injury or loss or damage of any kind whether direct or indirect as a result of any negligence, breach of contract or breach of statutory duty while at the Airport, the Operator shall indemnify and keep indemnified the Company in respect of any claim or claims arising therefrom.

The Operator must be able to demonstrate that all aircraft not meeting the above insurance requirements comply with EU directive EC785 which has been adopted by the CAA on the 29 April 2005. Further the Operator shall at all times fully indemnify and keep indemnified the Company against any breach of this clause without prejudice to any other rights the Company shall have under these Conditions whether or not such rights are enforced by the Company.
- 11.2. In respect of any vehicle which the Airport Authority has authorised the Operator to use or operate on that part of the airport which is or has been designated as "airside", the Operator shall at all times ensure that the vehicle is fully and properly insured for third party risks for an appropriate amount having regard to the nature of the risks. Evidence of such insurance shall be produced to the Company on demand. The Company's decision as to the adequacy of such insurance cover shall be binding on the Operator.
- 11.3. The Operator shall at all times fully indemnify and keep indemnified the Company against any breach of this Clause but without prejudice to any other rights of the Company under these Terms and Conditions whether the same shall be enforced by the Company or not.
