LESSON STRUCTURE

1. Introduction to Splash and River, the lessons interactive guides!
2. Baths: Avoid slipping by always sitting down in the bath. Don't forget to empty the bath after, and to always be supervised by an adult.
3. Paddling Pools: Avoid being rough with others. Always have an adult nearby.
4. Outside: Stay away from barrels. Rivers and ponds can be very dangerous.
5. Stay away from troughs, you could fall in. Avoid slurry pits and watch out for holes.
6. Rivers: Never get in after balls, they are a lot less valuable than you. Stay away from edges (S.A.F.E). Rivers flow very fast.
7. Swimming Pools: Walk slow, never run. Always listen to grown ups and lifeguards. Stay in the shallow end. Don't push/shove.
8. Beach Safety: Know the flags. What does each flag mean? Don't go out too far, waist depth is best. Always listen to lifeguards.
9. Floatation: How to identify ringbouys. Discuss function. Always wear a lifejacket if boating.
10. S.A.F.E - Stay away from edges

ACTIVITIES

All activities are based on the content available in the lesson book. The activities are designed specifically for junior and senior infants pupils.

1. Pick the correct word for the sentence.
2. Complete the sentence.
3. True or false?
4. Name the object
5. Is it safe?
6. Who Keeps you safe?
