**Instructions for donating appreciated stock to the Iraqi Children Foundation**

The Iraqi Children Foundation is able to receive gifts of appreciated stock through its online giving platform, Global Giving (GG). You can enjoy significant tax advantages when you transfer securities, instead of donating cash, to ICF through GG. If you held the stock for at least one year, you may receive a tax deduction for the full value of the stock at the time of donation (not just the amount you paid for the stock). You avoid paying both capital gains tax and stock sales commissions. (Brokerage fees are paid out of your donation, however.) As a result, you may be able to give ICF larger gifts by donating stock rather than cash. Please consult with your financial advisor.

1. Name of your broker
