

Indications and usage:

Amino Rx's exclusive formula provides an ultra concentrated bio-active amino acid matrix designed to support maximum Growth Hormone enhanced protein synthesis and mitotic cellular division. When taken simply by itself, Amino Rx provides maximum nutrition along with ADP and ATP enhancement, fueling mitochondrial support, however, Amino Rx supplies a strong synergistic action when used with our AEON ingestible Growth Hormone.

AMINO ACIDS are essential biological substances of our body, and without them in required supply, we **prematurely age** and are more prone to sickness and disease. **Without proper AMINO ACIDS balance we will look 10 - 20 years older than we should.**

Dosage and administration: As a dietary supplement for adults, take four (4) capsules daily without food, or as recommended by your healthcare Professional. For best results, please follow a healthy diet, exercise and lifestyle program.

KEEP OUT OF REACH OF CHILDREN

Supplement Facts

Serving Size: 4 capsules
Servings Per Container: 30

Amount per serving	%DV
Proprietary Amino Acid Blend 3000mg*	
L-Glutamic Acid HCl, Taurine, L-Lysine HCl, L-Glycine, L-Tyrosine, L-Aspartic Acid, L-Carnitine Fumarate, L-Phenylalanine, L-Cysteine HCl, L-Glutamine, L-Tryptophan, L-Leucine, L-Alanine, L-Isoleucine, L-Valine, L-Threonine, L-Proline, L-Methionine, L-Ornithine HCl, L-Citrulline, L-Histidine, L-Serine, L-Glutathione.	

* Daily Values not established.

Other ingredients: Gelatin (capsule), Rice Flour, Magnesium Stearate.

Amino Rx™: Without a rich supply of the best amino acids, you may become weakened and biologically old before your time. Amino Rx supplies your body the precise nutritional fuel to fire the cellular regeneration of your youth.

AMINO Rx™

Mitotic Protein Synthesis Enhancement Complex

AntiAging ■ Research ■ Laboratories

Action and Clinical Nutricology

- Growth Hormone Potentiator
- Neuro-Transmitter Support
- ATP (adenosine triphosphate) Enhancement
- ADP (adenosine diphosphate) Enhancement
- Promotes Lean Muscle Mass
- Help with Weight/Fat control
- Rebuild Organs and Tissue
- Improved Protein Synthesis
- Hair and Nail Support
- Help Against Premature Aging

750 mg/pc
120 capsules

Dietary Supplement

AMINO ACIDS are the "building Blocks" of the body. Besides building cells and repairing tissue, they form antibodies to combat invading bacteria & viruses; they are part of the enzyme & hormonal system; they build nucleoproteins (RNA & DNA); they carry oxygen throughout the body and participate in muscle activity. When protein is broken down by digestion the result is 22 known amino acids. Eight are essential (cannot be manufactured by the body) the rest are non-essential (can be manufactured by the body with proper nutrition).
