

Project 1 – The Summary

This assignment requires 500 words, or about 2 pages, for 10 points.

Purpose: To read actively and then prepare a two page summary of Patricia B. Strait’s “When Societies Collide” from *Read, Reason, Write*.

Audience: Your instructor and your peers.

The Assignment

Read actively as discussed in our text, *Read, Reason, Write*, and prepare a 500-word summary. Your readers need an accurate and balanced but much shorter version of the original because they will not be reading the original piece. Explain not only what the writer’s main ideas are but also how the writer develops her essay. That is, what kind of research supports the article’s thesis? Pay close attention to your word choice.

Assignment Goals

The goals of this assignment are as follows:

1. Demonstrate your ability to fulfill the assignment requirements by reading actively and composing a clear, accurate, and well-organized summary.
2. Demonstrate your ability to follow a writing process of your choice to compose a college-level paper that uses the MLA, APA, or CMS citation style accurately.

The Format

This paper *must* adhere to MLA, APA, or CMS guidelines and must be around 500 words in length. Create a citation page and please follow MLA, APA, or CMS standards for in-text citation—you will be paraphrasing for this summary but also providing the occasional direct quote. The paper will be titled, typed in 12 point Times New Roman (or similar font), double-spaced, with 1 inch margins all the way around. See the summary discussion in chapter 1 of *Read, Reason, Write* for more information.

Grammar/mechanics rubric: for every 5 errors, I will deduct 1 point.

At the top of page 1, please type the following statement and sign your name: “I understand and will uphold the ideals of academic honesty as stated in the Honor Code.”
