2. Approval of Minutes: Minutes of the November Board Meeting were approved as presented (S. Wells/C. Spencer).

3. Financial Statements
The monthly financial statements as of 1/31/2018 were reviewed and provided to the Board. Executive Director highlights need for budget to be adopted by the Board by May, will bring a draft budget to the Board in April. Currently, no grant funds have been identified beyond 12/31/2018. Out of an abundance of caution, without the provision of new grant funds, Executive Director highlighted an anticipated operating deficit and stressed the importance of operating within means, while accommodating the return of as many properties as possible. P. Calderone inquires about efforts to contact legislators regarding future funding. Executive Director has testified at Joint Budget Hearing for Economic Development, the NY Land Bank Association is seeking funding from State budget and land banks across NYS are meeting with their Assembly members and Senate representatives. Executive Director is also looking into working with CDFI’s.

4. Adopting a Resolution to approve the sales of multiple properties
Sales summaries for 18 properties, 10 buildings and 8 lots, include details of each property and have been submitted to local advisory groups as well as the Acquisition & Disposition sub-committee. Board members discussed sale of several properties on Clinton Avenue to a local developer. Several of the properties have proven to be tremendously difficult to return to productive use since being acquired in Feb 2015 and there exists a probability that, unless the buildings are rehabilitated expeditiously, they may require demolition which would come at a significant costs to the land bank and result in a significant gap in the building stock in the corridor. ACLB is partially stabilizing two properties and a local developer has demonstrated the ability to purchase and rehabilitate the properties at their expense. Concerns about infrastructure, density and parking related to the project were raised by members of the Albany Community Advisory Committee, which were acknowledged and discussed by the Board, along with the importance of returning the properties back to productive use and reducing potential demolition liabilities for the Land Bank, especially in the context of very limited grant funds available for demolition funds. A motion to approve the sales of multiple properties passed unanimously. (C. Spencer/N. Alexander).
5. **Adopting a Resolution authorizing the Executive Director to enter into a contract with Cristo Demolition, Inc. for demolition services.**
   A motion authorizing the Executive Director to enter into a contract with Cristo Demolition, Inc. for the demolition of 136 Livingston Avenue, 186 2nd Street and 612 3rd Street, Albany passed unanimously. (P. Calderone/T. Curley)

6. **Adopting a Resolution to participate in the National Community Stabilization Trust’s REO Acquisition Programs**
   A motion to participate in the National Community Stabilization Trust’s REO Acquisition Programs was presented. NCST helps community-based housing providers accomplish housing strategies that ensure low- and moderate-income families have access to affordable, safe homeownership and rental opportunities. The Land Bank desires to participate in NCST’s REO acquisition programs, which facilitates the transfer of properties between participating financial institutions and eligible local housing providers; Motion is approved with the following amendments to resolution –
