SECTION 3. Advancement of Expenses: The Corporation shall, on request of any Indemnified Person who is or may be entitled to be indemnified by the Corporation, pay or promptly reimburse the Indemnified Person’s reasonably incurred expenses in connection with a threatened or actual action or proceeding prior to its final disposition. Before indemnification can occur the Board must explicitly find that such indemnification will not violate the provisions of Section 2 of this Article. No member with a personal interest in the outcome, or who is a party to such actual or threatened action or proceeding concerning which indemnification is sought, shall participate in this determination. If a quorum of disinterested Members is not obtainable, the Board shall act only after receiving the opinion in writing of independent legal counsel that indemnification is proper in the circumstances under than applicable law and these By-Laws.

This policy is intended to supplement but not replace any applicable state laws governing conflicts of interest applicable to nonprofit and charitable corporations.

General Conflict of Interest Procedure

1. Each newly-elected Director, prior to taking his/her position on the Board, and all present Directors as soon as practicable after the adoption of this policy, shall disclose, in writing, on the Disclosure Statement, which is attached, to the Audit Committee of the Board of Directors, the nature of any external interests that potentially conflict with his/her interest as a Director. Such conflict of interest includes, but is not limited to, directorship, management, consultation, or material business with the Land Bank, or where there is great likelihood that such concern will be doing business with the Land Bank. Such conflict of interest also includes financial interests, defined as any person having directly or indirectly, through business, investment, or family: a) an ownership or investment interest in any entity with which the Land Bank has a transaction or arrangement, or b) a compensation arrangement with the Land Bank or with any entity or individual with which the organization has a transaction or arrangement, or c) a potential ownership or investment interest in, or compensation arrangement with, any entity or individual with which the Land Bank is negotiating a transaction or arrangement. Compensation includes direct and indirect remuneration as well as gifts or favors that are substantial in nature. 2. Whenever a Director assumes new external interests that potentially conflict with his/her role as a Director of the Land Bank, such individual will disclose, in writing, the nature of such external interests to the Audit Committee.

3. Questions relating to the possible existence of a conflict of interest may be directed to the Land Bank’s legal consultant for his/her review and determination.
4. Whenever a matter being deliberated by the Board of Directors, or any committee or subcommittee of the Board, creates a potential conflict of interest for any Director, such Director will neither vote nor influence the decision of the Board or committee, nor be counted in determining the quorum for the meeting. The foregoing will not be construed as preventing any Director from stating his position on any Board matter, nor from providing information to other Directors on any Board matter. It is expected that following a Director's statement of his position on a given issue, that he/she will leave the meeting during the discussion of, and the vote on, the transaction or arrangement that results in the conflict of interest. The minutes of the meeting will record the name of the person(s) who disclosed conflicting interests, the nature of the conflicting interests and note their abstention from the discussion and vote. The minutes of the meeting will also reflect the justification for determining the quorum.

5. If the Audit committee has reasonable cause to believe that a director has failed to disclose actual or possible conflicts of interest, it shall inform the director of the basis for such belief and afford the director an opportunity to explain the alleged failure to disclose.

6. If, after hearing the response of the director and making such further investigation as may be warranted under the circumstances, the Audit committee determines that the member has in fact failed to disclose an actual or possible conflict of interest, it shall take appropriate corrective action.

7. If the Audit committee has reasonable cause to believe that a director has failed to disclose an actual or possible conflict of interest, then the Audit committee shall consider whether another discussion and/or vote on the matter is necessary or appropriate, and management/the Board of Directors shall refrain to the extent practical from acting on the basis of the initial Audit committee action until such reconsideration has occurred.

No Retaliation

This Whistleblower Policy is intended to encourage and enable directors, key volunteers, and employees to raise Concerns within the Organization for investigation and appropriate action. With this goal in mind, no director, volunteer, or employee who, in good faith, reports a Concern shall be subject to retaliation or, in the case of an employee, adverse employment consequences. Moreover, a volunteer or employee who retaliates against someone who has reported a Concern in good faith is subject to discipline up to and including dismissal from the volunteer position or termination of employment.
Reporting Concerns

Employees should first discuss their Concern with their immediate supervisor. If, after speaking with his or her supervisor, the individual continues to have reasonable grounds to believe the Concern is valid, the individual should report the Concern to the Audit Committee. In addition, if the individual is uncomfortable speaking with his or her supervisor, or the supervisor is a subject of the Concern, the individual should report his or her Concern directly to the Audit Committee.

If the Concern was reported verbally to the employee’s immediate supervisor, the reporting individual, with assistance from the supervisor, shall reduce the Concern to writing. The Chair of the Audit Committee will notify the sender and acknowledge receipt of the Concern within five business days, if possible. It will not be possible to acknowledge receipt of anonymously submitted Concerns.

All reports will be promptly investigated by the Audit Committee, and appropriate corrective action will be recommended to the Board of Directors, if warranted by the investigation. In addition, action taken must include a conclusion and/or follow-up with the complainant for complete closure of the Concern.

The Audit Committee has the authority to retain outside legal counsel, accountants, private investigators, or any other resource deemed necessary to conduct a full and complete investigation of the allegations.

Acting in Good Faith
Anyone reporting a Concern must act in good faith and have reasonable grounds for believing the information disclosed indicates an improper accounting or auditing practice, or a violation of the Code of Ethics and/or Conflict of Interest Policy. The act of making allegations that prove to be unsubstantiated, and that prove to have been made maliciously, recklessly, or with the foreknowledge that the allegations are false, will be viewed as a serious disciplinary offense and may result in discipline, up to and including dismissal from the volunteer position, termination of employment, or termination of board service. Such conduct may also give rise to other actions, including civil lawsuits.
Confidentiality
Reports of Concerns, and investigations pertaining thereto, shall be kept confidential and to the extent possible, consistent with the need to conduct an adequate investigation. Albany County Land Bank Corporation:

Report on the Financial Statements
We have audited the accompanying financial statements of Albany County Land Bank Corporation (Corporation) (a component unit of the County of Albany, New York), as of and for the years ended June 30, 2018 and 2017, and the related notes to the financial statements, which collectively comprise the Corporation’s basic financial statements as listed in the table of contents.

Management’s Responsibility for the Financial Statements
Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor’s Responsibility
Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity’s internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.
INDEPENDENT AUDITOR’S REPORT

Opinion
In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Albany County Land Bank Corporation, as of June 30, 2018 and 2017, and the respective changes in financial position and cash flows thereof for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Report on Required Supplementary Information
Accounting principles generally accepted in the United States of America require that the management’s discussion and analysis listed in the accompanying table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management’s responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Reporting Required by Government Auditing Standards
In accordance with Government Auditing Standards, we have also issued our report dated September 25, 2018 on our consideration of the Corporation’s internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Corporation’s internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the Corporation’s internal control over financial reporting and compliance.
The following is a discussion and analysis of the Corporation's financial performance for the fiscal year ended June 30, 2018. The section is a summary of the Corporation’s financial activities based on currently known facts, decisions, or conditions. Because this is the first year of operations for the Corporation, only the results on the current year are discussed below. This section is only an introduction and should be read in conjunction with the Corporation’s financial statements, which immediately follow this section.

Financial Highlights

- The Corporation’s net position decreased approximately $1.6 million this year. Much of this decrease is attributable to an increase in the Land Bank’s property portfolio through additional property acquisitions and drawdowns of available grant funds.
- The Corporation disposed of 183 properties in fiscal year 2018, a substantial increase from 73 properties in fiscal year 2017.
- Revenue from property sales in fiscal year 2018 was approximately $2.2 million, an increase of 68% from the approximately $1.3 million in property sales in fiscal year 2017.
- Revenue from property sales comprised substantially all operating revenue in fiscal year 2018.
- The Corporation added three full-time staff positions and two part-time positions in fiscal year 2017 increasing salary and benefit expenses in addition to having one AmeriCorps service member, which was funded from a grant from the Local Initiatives Support Corporation.
- The increase of property sales, addition of new properties and commensurate increase in number of property improvements and ongoing maintenance resulted in a corresponding increase in operating expenses, including professional fees, insurance and other related expenses.
- Property held for sale was valued at approximately $7.5 million in fiscal year 2018. It should be noted that this is recorded at the assessed value of the property at the time of donation from the County, which is typically greater than actual market value.
- The Corporation had approximately $3.3 million in cash at the end of fiscal year 2018, an increase from approximately $1.8 million at the beginning of the year. The majority of this cash increase is from grant funds received by the Corporation and cash from property sales exceeding cash outlays for salaries, improvements to properties held for sale and other operating costs.
- The Corporation had a net cash flow from operations of $191,128 in fiscal year 2018. This has been primarily due to an increase in property sales as the Corporation finishes its fourth year of existence and is able to return more properties to productive use.
- The Corporation is in a stronger financial position as it finishes its fourth year of operations; however, the Corporation still relies heavily on grant funds to operate.

Overview of Financial Statements

The basic financial statements include the statement of net position, statement of revenues, expenses and change in net position, statement of cash flows, and notes to the financial statements.

The first of these statements is the Statement of Net Position. This is the statement of financial position presenting information that includes all of the Corporation’s assets and liabilities, with the difference reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the Corporation as a whole is improving or deteriorating. Evaluation of the overall economic health of the Corporation must include other non-financial factors such as the economic picture of the City, County and the State, in addition to the financial information provided in this report.
Overview of the Financial Statements (Continued)

The second statement is the Statement of Revenues, Expenses and Changes in Net Position, which reports how the Corporation’s net position changed during the current and previous fiscal year. Revenues and expenses are included when earned or incurred, regardless of when cash is received or paid. The third statement is the Statement of Cash Flows, which shows the sources and uses of cash.

The accompanying Notes to the Financial Statements provide information essential to a full understanding of the financial statements.

In the fourth year of the Corporation’s existence, the Corporation’s net position decreased by $1.62 million. This decrease resulted primarily through increasing inventory of property held for sale through donations from the County as well as capital improvements made to those properties through grant funds. The Corporation accepted $1.8 million in properties from the County of Albany, which were recorded at their assessed value. To further increase the property inventory value, the Corporation made $775 thousand in capital improvements to its property that were held for sale. The Corporation sold 183 properties during the year that removed $5.15 million in property cost from its inventory.

The Corporation in its fourth year of operations saw an increase in operating revenues and expenses. Operating revenues increased 67% due to selling 183 properties in fiscal year 2018, which was an increase from the 73 properties sold in fiscal year 2017. This increase in activity also affected operating expenses, increasing them by approximately $2.6 million. Grant and donated property revenues saw decreases in 2018. Grant revenues decreased due to the City of Albany grant not recurring in 2018 and the County of Albany grant was reduced to $250,000. Donated properties decreased due to the number of properties donated by the County of Albany decreasing from 470 property acquisitions in fiscal year 2017 to 91 in fiscal year 2018.

Economic Factors

The Corporation will continue to look for funding opportunities to further its mission of promoting local development. Each year, the Corporation will evaluate opportunities for investment of its resources in furthering this mission.

1. ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Nature of Organization
Albany County Land Bank Corporation (Corporation) was formed July 1, 2014, and is governed by its Articles of Incorporation, bylaws and the laws of the State of New York. The Corporation was established to facilitate the process of acquiring, improving and redistributing vacant and abandoned properties in the County of Albany (County). The Corporation’s board of directors is comprised of individuals appointed by the County. The Corporation is considered a component unit of the County.

Measurement Focus, Basis of Accounting, and Financial Statement Presentation
The Corporation’s financial statements have been prepared on the accrual basis of accounting using the economic resources measurement focus, in accordance with U.S. generally accepted accounting principles as promulgated by the Governmental Accounting Standards Board (GASB). Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows.

Cash
Custodial credit risk related to cash deposits is the risk that in the event of a failure of a depository financial institution, the reporting entity may not recover its deposits. In accordance with the Corporation’s investment policy, all deposits of the Corporation including certificates of deposit and special time deposits, in excess of the amount insured under the provisions of the Federal Deposit Insurance Act (FDIA) shall be secured by a pledge of securities with an aggregate value equal to the aggregate amount of deposits.

The Corporation had bank balances of $3,217,001 and $1,960,765, at June 30, 2018 and 2017, respectively, of which $500,000 and $500,000 are insured by the Federal Deposit Insurance Corporation (FDIC). At June 30, 2018 and 2017, the remaining bank balance was collateralized with securities held in the Corporation’s name.

Prepaid Expenses
Prepaid expenses represent payments made by the Corporation for which benefits extend beyond year-end. These payments to vendors reflect costs applicable to future accounting periods and are reported in the statement of net position as an asset using the consumption method. A current asset for the prepaid amounts is recorded at the time of purchase and an expense is reported in the year the goods or services are consumed.

Property Held for Sale
The Corporation primarily acquires its property held for sale from the County for the purpose of improving those properties and returning them to productive use on the tax rolls. These properties are recorded at assessed value at the time of donation which approximates fair value. Depending on the condition of the property at the time of donation, certain capital costs may be required to improve that property and are included in the value of the property.
1. ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES
(Continued)

Capital Assets, Net
Capital assets are reported at actual cost. Donated assets are reported at estimated fair value at the time received. Capitalization thresholds, (the dollar value above which asset acquisitions are added to the capital asset accounts), depreciation methods, and estimated useful lives of capital assets reported in the Statement of Net Position are as follows:

Net Position Classifications

In the financial statements, there are three possible classifications of net position:

Net investment in capital assets consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of debt, if any, that are attributable to the acquisition, construction, or improvement of those assets.

The restricted component of net position consists of restricted assets reduced by liabilities related to those assets. Generally, a liability relates to restricted assets if the asset results from a resource flow that also results in the recognition of a liability or the liability will be liquidated with the restricted assets reported. The Corporation does not have restricted net position at June 30, 2018.

The unrestricted component of net position is the net amounts of the assets and liabilities that are not included in the determination of net investment of capital assets or the restricted component of net position.

The Corporation’s policy is to first utilize available restricted, when available, and then unrestricted resources in the conduct of its operations.

Classification of Revenue and Expense

Operating revenues are those that result from the provision of services related to the Corporation’s principal purposes, and are generally associated with exchange transactions. Nonoperating revenues result from activities that are not directly related to the Corporation’s principal purposes, but that exist in order to support them, and generally consist of nonexchange transactions. Other additions arise from nonexchange transactions which provide for the value of donated properties and resources for related capital improvements and are non-exchange transactions.

Grant Revenue – County of Albany

The Corporation received a $250,000 and $500,000 grant from the County for administrative costs for each of the years ended June 30, 2018 and 2017, respectively.

Grant Revenue – State of New York

The Corporation was awarded a $2,880,000 grant from the New York State Office of the Attorney General for the period January 1, 2015 through December 31, 2017. The Corporation was also awarded two additional grants from the New York State Office of the Attorney General for the period January 2017 to December 31, 2018 for $1,040,834 and $450,000. The grants are to be used to make capital improvement to acquired properties, property maintenance and other operating expenses related to the acquired properties.

(Continued)

Grant Revenue – State of New York (Continued)
The grants are received on a quarterly basis based on the estimated needs for the upcoming quarter specifically related to the properties and includes adjustments for unspent funds from previous quarters.

Funds received in advance of disbursement are recognized as unearned grant revenue and disbursements exceeding amounts received are recognized as due from New York State.

Income Taxes
The Corporation is a not-for-profit local development corporation under Article 16 of New York State not-for-profit corporation law and is exempt from federal income taxes and New York State taxes. Accordingly, no income tax provision has been made.

Use of Estimates
The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported revenue and expenses during the reporting period. Actual results could differ from those estimates. Estimates and assumptions are made in a variety of areas, including computation of depreciation using useful lives of assets and the fair value of donated property.

2. PROPERTY HELD FOR SALE
The Corporation’s activity related to property held for sale during fiscal year ending June 30, 2018 and 2017 are as follows:

4. COMMITMENTS AND CONTINGENCIES

In the normal course of business, the Corporation is subject to various lawsuits and claims. Management believes that the ultimate resolution of these matters will not have a significant effect on the Corporation's financial position.

The Corporation participates in grant programs. These programs could be subject to financial and compliance audits and may be conducted in accordance with grantor requirements on a periodic basis. The amounts, if any, of expenses which may be disallowed by the granting agencies cannot be determined at this time although the Corporation believes, based upon its review of current activity, the amount of such disallowances, if any, will be immaterial.

The Corporation entered into a lease agreement for office space in November of 2016. The lease term is through November 2019 and has a fixed annual rent of $20,520. The lease agreement also provides for additional rent which is the Corporation’s pro-rata share of the building’s tax, operating and maintenance payments. Rental expense for the years ended June 30, 2018 and 2017 was $24,238 and $16,127, respectively.
INDEPENDENT AUDITOR’S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

September 25, 2018

To the Board of Directors of
Albany County Land Bank Corporation:

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States, the financial statements of Albany County Land Bank Corporation (Corporation), a component unit of the County of Albany, New York as of and for the year ended June 30, 2018, and the related notes to the financial statements, which collectively comprise the Corporation’s basic financial statements, and have issued our report thereon dated September 25, 2018.

Internal Control Over Financial Reporting
In planning and performing our audit of the financial statements, we considered the Corporation’s internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Corporation’s internal control. Accordingly, we do not express an opinion on the effectiveness of the Corporation’s internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity’s financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

INDEPENDENT AUDITOR’S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS (Continued)

Compliance and Other Matters
As part of obtaining reasonable assurance about whether the Corporation’s financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards.

Purpose of this Report
The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity’s internal control or on compliance. This report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the entity’s internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
