Toilet Duravit 'Starck 3' toilet from Mary Noall. Towel rail Agape 'Stairs' towel ladder from Artedomus. For stockists see Address Book.

CLOUD COVER

*Sky-blue tiles float over
drifts of misty marble.*

DESIGNER LUCY BOCK "The bathroom was designed within the home's existing footprint and reconfigured to achieve a more functional floorplan. The client shared a love of bold and bright colours so it was an absolute joy to design a space that was playful and colourful yet imbued with refinement and luxury. Classic pieces were incorporated into the design to make the space feel like a special room in its own right. Michael Anastassiades 'Ball' wall light (not seen) is like a little jewel and adds sparkle to the space. The Agape 'Stairs' towel ladder is also a favourite item which sits beautifully against the grey Elba marble and blue glass mosaic tiles. Marble on the floor and walls was a definite luxury and a perfect contrast to the blue tiles – like clouds floating below a clear blue sky. Matching marble hooks were a bonus find." lucybock.com
