British Schools and
Universities Foundation, Inc.

FIFTY-NINTH
ANNUAL REPORT

2023
1) British Schools and Universities Foundation, Inc. has been approved by the United States Treasury Department as an exempt charitable organization under Section 501(c)(3) and is classified as a public domestic charity as defined in Sections 509(a)(1) and 170(b)(1)(A)(vi) of the Code.

An important facet of tax-deductibility is based upon the following ruling of the U.S. Internal Revenue Service: "Contributions to a domestic charity ... which are solicited for a specific project for a foreign charity organization, are deductible under Section 170 of the Code ... where the domestic charity has reviewed and approved the project as being in furtherance of its own exempt purposes and has control and discretion as to the use of the contributions."

2) The purposes of the Foundation, as set forth in its Certificate of Incorporation, are:

a) to make donations, contributions and loans without interest in money, property or otherwise, out of the income and/or assets of the Corporation to, or for the use of, schools whether public or private, colleges whether sectarian or not, universities whether State or not, and educational, scientific or literary institutions of every kind or nature.

b) to promote, foster and assist the education and academic work of British scholars and students at American educational institutions and vice versa.

3) The Foundation applies three criteria to the selection of educational, scientific or literary institutions to qualify for grants-in-aid:

a) The applicant institution should be active in seeking financial support for specific projects which are clearly defined and documented. Acceptability of these projects should be demonstrated by the efforts of its graduates, alumni/ae and friends who comprise the institution's constituency in the United States.

b) A non-American institution should have a demonstrable record of cooperation with the United States either by acceptance of American students or by collaboration with comparable institutions in the United States.

c) The Foundation's grants-in-aid are limited to institutions in the United States and countries of the British Commonwealth of Nations.
2023 represented an incredible year for BSUF, shattering records for donations, grants, and approved institutions. Contributions totaled an astounding $17,479,383. We made 452 grants totaling $16,769,296, plus provided ongoing support for the Marshal and Fulbright scholarship programs. Cumulative grants now total more than $145 million when adjusted for inflation.

BSUF welcomed 9 new approved institutions in 2023, bringing our roster to 374. As I never get tired of repeating, no dollars were expended on advertising or marketing to secure these institutions. Expenses totaled $79,659, or 0.46 percent of contributions (down from 0.6 percent in 2022!), a percentage beyond efficient. As always, these few expenses were funded by membership dues, gifts directed to BSUF, and income from BSUF’s investments – but not a penny from donations with expressions of preference. We ask that donors please consider a gift to support our operations when making your next donation with an expression of preference. BSUF continues to be a great steward of our donors’ funds!

Members, US representatives, and others are welcome as always to join us for a board meeting and consider a more active involvement in the Foundation in 2024. Our 2024 Board meetings are March 5 (also our annual meeting), June 11, September 10, and December 10. Meetings are typically hybrid and will include lunch beginning at noon and the agenda starting at 12:30. If you are interested in attending a meeting in person or via zoom or for more information, please contact Roger Martin, our Executive Director, at exec@bsuf.org.

Thank you to all of our donors, institutions, and US representatives for your continued support of BSUF and we look forward to another record year in 2024.

David Lipson

PLEASE CONSIDER JOINING US

Unlike most Foundations BSUF strives to make grants equaling 100% of the donations it receives. All our Directors serve pro bono publico, thereby keeping our expenses to a minimum.

Dues paid by a core of loyal and generous members provide support for the Foundation’s entire mission. They also offer an opportunity for individuals and institutions benefiting from our free administrative services to help make these advantages more widely available.

Membership should appeal to those who value British educational ideals and traditions and wish to help sustain them in an era of declining government support. Finally, membership is an expression of belief in the importance of continuing good relations between the U.S. and member nations of the British Commonwealth.

As a form of recognition, Members’ names are printed in the Annual Report.

Philanthropic organizations such as BSUF must contend with financial strain imposed by inflation, changing economic and financial conditions and the occasional volatility of the public’s charitable instincts and preferences. Consequently, we deeply appreciate the trust, confidence and magnanimity of the Foundation’s many Members.

Annual dues for Associates, Fellows and Sustaining Members are $100, $250 and $500 respectively. Life membership is $5,000. We welcome institutional memberships at any level.
WHAT WE DO

We are a catalyst enabling U.S. alumni/ae and friends to make tax-deductible donations with the option of nominating any approved institution for a possible grant.

We encourage British schools, universities and other educational institutions to reach out to their U.S. constituencies in their fund-raising efforts. This Foundation does not conduct campaigns nor assume any responsibility for fund-raising, but “helps those who help themselves”. Upon request, BSUF will provide technical advice to U.S. Representatives of approved institutions.

In its 59 years of operation BSUF has made cumulative grants totaling almost $144,000,000 (over $154,000,000 in inflation-adjusted Dollars) to 576 institutions.
The British Schools and Universities Foundation is pleased to present the Fifty-Eighth Annual Report recording the Foundation’s activities during 2023. It was a most satisfying year and we wish to express our appreciation to our loyal supporters who have made that possible. Their gifts have enabled the Foundation to grant $17,722,610 to these 186 institutions:

BSUF Scholarship Report, 2023-2024

BSUF/Marshall Scholar, 2022-2024. Robert Smith, a graduate of Williams College, spent the 2022-2023 academic year working toward an MSc in Evolutionary Studies at the University of Edinburgh. He is now in the second semester of a one-year MSc program in Conservation at University College London. During his first semester at UCL he took field courses in ecological survey methods on the north Norfolk coast and in environmental governance in Snowdonia, North Wales. This semester he has chosen electives focusing on the social elements of conservation, and he is also gaining experience writing for policy makers.

For his UCL dissertation Mr. Smith is planning a more technical project studying the biodiversity effects of large-scale afforestation projects in northeastern China under the joint supervision of Jan Axmacher at UCL and Sang Weiguo at Minzu University in Beijing. The project will involve two months of field work in the Lesser Khingan range of Heilongiang province, surveying plants and insects in remote patches of primary forest to create a baseline for existing datasets on reforestation projects in the region. Mr. Smith plans to stay involved with the project after completion of this second MSc degree.

BSUF/Fulbright Scholar, 2023-2024. Fergus Flynn Hendry, a graduate of the School of Oriental and African Studies in the United Kingdom, is currently studying for a Master’s Degree in Social Work at the Columbia University School of Social Work in New York. Originally scheduled to begin the program this past September, Mr. Hendry requested postponement until January 2024, and is now in the first semester of his studies. More specifically he is enrolled in the International Social Welfare and Services to Refugees and Immigrants component of this program with its emphasis on policy practice specialization.

Given Mr. Hendry’s concern about the increasing number of unaccompanied minors who are now arriving as refugees in Great Britain, he anticipates making this a primary focus of his graduate work at Columbia. Taking as his model the Unaccompanied Refugee Minors Program (URM) in the United States, he will look closely at the processes whereby this program grants refugee status to minors directly in their country of origin, bringing them straight from their home or third country into the U.S. foster care system. He intends to study the development of URM in the U.S. with hopes of informing social work policy in the U.K. and introducing something comparable when he returns to his home country.

WAYS TO MAKE GIFTS TO
BRITISH SCHOOLS & UNIVERSITIES FOUNDATION, INC.

Gifts made by check should be mailed to:

British Schools and Universities Foundation
575 Madison Avenue, Suite 1006
New York, NY 10022-2511

CASH GIFTS - Memberships
Annual Membership: $100 Associate; $250 Fellow;
$500 Sustaining; Life Membership: $5,000.

Separate cash gifts may be made to the Foundation, expressing preference for support of an Approved Institution.
Checks should be made payable to British Schools and Universities Foundation, Inc. (or BSUF) and postmarked
on or before December 31st to qualify for a current-year tax deduction.

MATCHING GIFTS - Your employer may have a Matching Gift Program which could double or triple the value
of your gift. The company will provide you with a form that when completed should be sent along with your check
to BSUF.

SECURITIES - In giving gifts of marketable securities, donors could realize significant tax benefits.
See page 20 for instructions on "How to Give Securities".

GIFTS USING CREDIT CARDS - You can donate by credit card using the Network for Good which charges a
fee of 3% of your credit card donation. To make a credit card gift please follow the procedures explained on the

MAJOR FUNDS - Individual Funds for a dedicated objective within the Foundation's "Statement of Purposes and
Policies" may be set up in the case of large donations.

CHARITABLE REMAINDER UNITRUST - A Unitrust designating BSUF as remainder beneficiary affords the
donor an immediate charitable tax deduction in the year the trust is created. The trustee pays the donor income
during his/her lifetime or that of any other living non-charitable beneficiary the donor may designate. At the death
of the income recipient, the remaining assets in the trust would pass on to BSUF as charitable donee; donors may
express a preference for an Approved Institution.

INDIVIDUAL RETIREMENT ACCOUNTS can be made
much more tax-efficient by naming BSUF as a beneficiary, with an expression of preference for an Approved
Institution. This relieves the Estate of (a) the Distribution and Income Taxes which are levied by Federal and most
State govern- ments; and (b) part of the regular Estate Tax.
The 2010 Tax Act retroactively extended an earlier provision allowing taxpayers over 70-1/2 years of age to make
IRA distributions of up to $100,000 directly to qualified charities without being taxed on the withdrawals at ordi-
nary income rates. This provision expired again at the end of 2012, but there are grounds for cautious optimism
regarding another retroactive extension. If interested, please ask your professional advisors to notify you of any
new developments.

BEQUESTS - A provision in the following form may be made in your Will or Trust bequeathing money to the
Foundation; this is intended only as a provision in a full Will or Trust containing all appropriate articles.

SUGGESTED BEQUEST FORM
I bequeath the sum of ___ Dollars to British Schools and Universities Foundation, Inc., a charitable organization
under Section 501(c) (3) of the U.S. Internal Revenue Service Code, and incorporated at 575 Madison Avenue,
Suite 1006, New York, NY 10022-2511. Further, I express a preference that the Foundation consider granting aid to

TRANSFER OF PRIVATE FOUNDATION ASSETS TO BSUF - Some British institutions established their own Private Foundations in the United States over recent years. Many are now finding that they have failed to satisfy the tax regulations of the U.S. Internal Revenue Service, or that the administrative burden of maintaining the Private Foundation year after year is more than their volunteers can cope with. One solution is proving to be the transfer of such remaining assets to a Public Charity such as BSUF, which is not a Private Foundation under Section 509 (a) and 170 (b) of the Internal Revenue Code.

U.S. INCOME TAX DEDUCTIONS - Gifts are fully deductible; no goods or services are offered.

ACCOUNTING AND LEGAL GUIDANCE should in all cases be sought from your own professional advisers. Whilst BSUF has general business experience which you may draw on, BSUF is not permitted to offer tax and legal consultation.

HISTORICAL BACKGROUND

In the 1950s, a group led by Thomas E. Ward conceived the idea of British Schools & Universities Foundation (BSUF). After overcoming many obstacles, they organized BSUF as a New York State membership corporation on May 1, 1961. The persistent efforts of Mr. Ward, Justice Frederick R. Sanborn and CPA/Tax Attorney Andrew Nelson secured an IRS Tax Exemption Certificate on April 27, 1964.

Much of BSUF’s success reflects the formative influence of its early Directors – most notably, the policymaking initiatives of General Counsel Sydney C. Waldecker. Director John F. Rich offered the benefit of his experience as founder of a major fundraising firm. Treasurer Lionel A. deCastro contributed invaluable financial expertise. Vice Presidents A. Denys Cadman and Arthur Grundy provided strong executive abilities. Grundy also brought BSUF to the attention of Richard A. and Kathleen B. May, who admired its work and later made a major bequest to the Foundation.

After the passing of BSUF’s founder in 1969, the Directors established the Thomas E. Ward Memorial Fund in gratitude for his inspiring leadership. His successor was Bruce F. E. Harvey, OBE, a versatile and tireless executive officer who served a total of fifteen years as President and Chairman. Over the following ten years, skillful management by successors Thomas E. Ward, Jr. and Alan C. Root further advanced the work of the founders, resulting in accelerated growth and improved operating efficiency. They were succeeded in turn by Scott Bushey and David Lipson, whose joint tenure spanned a critical transition to computerized recordkeeping and a sophisticated database system developed by Director David Webber, who also radically improved BSUF’s website and other communications capabilities. Chairman David Lipson initiated a thorough review and update of operating procedures.

In 2006, a bequest from former Chairman Alan Root became a memorial fund bearing his name. Shortly thereafter, a bequest of Charles M. F. Pearse funded an endowment to underwrite scholarships in music and writing. Income from investment of BSUF’s memorial funds helps offset the expense of its commitments to furthering educational, scientific and literary work of British Commonwealth institutions and scholars.

BSUF’s total cumulative grants to institutions and scholars have totaled more than $144,000,000.
