SIGNIFICANCE
19. Briefly state historical and/or architectural importance (include dates, events, and persons associated with the site.)

This is a good example of a craftsman style verandah being added to an earlier house. This appears to have been a common occurrence in the area as porches on earlier houses were suffering from wear after a number of years and new houses being constructed at the time were being done in the "modern" craftsman style thus influencing people who were remodeling at the time. Henry Boyle, native of Ireland, came to country at age of 7. He settled in Boston and lived there many years. He arrived in Healdsburg area in 1869 (started farming at age of 19). Henry married Miss Catherine Mc Connion in San Francisco in 1869. After he married, he moved into town, and built this house soon after. Boyle at one time owned the Healdsburg Soda Works. Mr Boyle died January 1899.
