SIGNIFICANCE
19. Briefly state historical and/or architectural importance (include dates, events, and persons associated with the site.)

This structure is indicative of an era when labor was significantly cheaper than material, and it was common to move structures rather than tear them down and rebuild. The front portion of this structure was originally a small residence or store on the 400 block of West Street (Healdsburg Ave.), built between 1867 and 1876. Typical of the earliest residences and small stores, this structure was used as a Chinese laundry until 1906, when it was purchased by the Scalione Family. It was moved by the Scaliones in 1924 to its present site, and used as a residence.
