Panel Discussion -
The ILPQC Experience with AIM

2019 Texas Collaborative for Healthy Mothers and Babies Summit
January 29-30, 2019
Overview

• ILPQC Overview
• How ILPQC supports hospitals
• ILPQC / AIM relationship
Illinois Perinatal Quality Collaborative (ILPQC)

- Multi-disciplinary, multi-stakeholder Perinatal Quality Collaborative with 117 Illinois hospitals participating in one or more initiative(s)
- Support participating hospitals’ implementation of evidenced-based practices using quality improvement science, collaborative learning and rapid response data

>99% of IL births
100% of NICU beds
ILPQC Central Team

Ann Borders
ILPQC Executive Director, OB Lead

Leslie Caldarelli & Justin Josephsen
Neonatal Leads

Patricia Lee King
State Project Director

Daniel Weiss & Danielle Young
Project Coordinators

Autumn Perrault
Nurse Quality Manager

ILPQC: Three Pillars to Support Quality Improvement Success

- **ILPQC**
- **Collaborative Learning**
- **Rapid Response Data**
- **QI Support**

Leadership, Advisors, Stakeholders, Patients/Families
Together we make it easier

- Opportunities for collaborative learning: Face to Face, and monthly webinars
- ILPQC REDCap Data System provides real time reports, tracking progress and comparison to other hospitals
- Monthly newsletter / website with resources
- QI coaching calls to assist in QI strategies
- MNO Toolkits for OB teams and for Neo teams, IPLARC Toolkit
- Regional Buprenorphine Trainings for OB providers, Regional IPLARC Trainings
- MOC Part IV credits for OB and Neo providers
Providing QI support: Leave no hospital behind

ILPQC hospital teams work to implement evidence-based care guidelines to facilitate every provider, every nurse providing optimal care to every patient, every time, in every unit.

Monitor monthly QI data for teams not meeting goals

1:1 QI coaching calls with teams not reaching goals

Grand rounds speakers bureau presentations

Focused QI topic calls with mentor hospitals
ILPQC & AIM Collaboration: Getting started with Severe Maternal HTN

- ILPQC became an AIM state in early 2016
- ILPQC began AIM collaboration with the Severe Maternal Hypertension Initiative
  - References the AIM Severe Hypertension in Pregnancy Patient Safety Bundle for hospital QI team buy-in
  - Cross-referenced ILPQC measures with AIM measures as developing initiative measures
  - Utilized the AIM Severe Hypertension in Pregnancy bundle for resources as ILPQC HTN toolkit was being developed including the HTN eModules
Implementation of AIM Severe HTN in Pregnancy Bundle

- Incorporated AIM Bundle resources in ILPQC Severe Maternal HTN toolkit binder (paper and online) and incorporated into collaborative learning calls

- Adapted IHI Implementation Checklist and AIM Quarterly Measures as structure measures to monitor implementation

- Incorporated AIM eModules across hospitals for provider/nurse education towards culture change
AIM Resources: Facilitating Culture Change with AIM eModules

• HTN AIM eModules include 5 modules ranging from 5 – 20 min long (Approx. 1 hr total) : [http://safehealthcareforeverywoman.org/aim-program/aim-emodules/#link_acc-1-5-d](http://safehealthcareforeverywoman.org/aim-program/aim-emodules/#link_acc-1-5-d)

• Include quiz and certificate for tracking completion

Education Tools to Implement ACOG Algorithms & Order Sets – Physician Buy In

AIM eModules

Available on AIM website. Quiz at end with certificate - can ask providers/staff to submit certificate. View eModules [here].

Severe Maternal HTN Grand Rounds

Available to download from ILPQC website (or click [here]). Speakers group available to provide Grand Rounds across the state. Email [info@ilpqc.org](mailto:info@ilpqc.org) for more information.
ILPQC & AIM Collaboration: Care for Women with Opioid Use Disorder

• ILPQC collaborated with AIM in early 2018 in the development of the Obstetric Care for Women with OUD Patient Safety Bundle resources and measures

• ILPQC referenced and pulled AIM bundle resources into the ILPQC Mothers and Newborns affected by Opioids QI Toolkit

• Gained national collaborators through discussion with other state perinatal quality collaboratives working on OUD in pregnancy initiatives
Ongoing AIM Collaboration and Support for States / PQC’s

• Regular calls to bring states/PQC’s together
  – AIM state leads call
  – AIM state team monthly update call
  – Data support call
  – AIM Opioid state implementation call
• Annual AIM meeting for AIM states
• AIM links more established PQC’s with state PQC’s in development
  – AIM and NNPQC collaborating to support PQC’s
Additional ILPQC and AIM Collaboration

• Collaborative support on national calls & meetings
• Resources for provider/staff education at hospitals: AIM e-modules
• AIM Patient Safety Bundles provide a framework for developing a state-wide quality improvement initiative
• ILPQC shares de-identified hospital data with Aim for national benchmarking comparisons
Improving Together

ILPQC is a collaborative of hospitals, providers, nurses, patients/families, public health, and other stakeholders working to improve care and outcomes for ALL Illinois moms and newborns. Together we make change happen!

Thank you!
