President’s Message by Kacey Paul, P.E., CFM

It’s hard to believe that Summer is upon us! A new group of engineers is entering the workforce, students are out for break, and the sun is reminding all of us how much we love air conditioning and iced tea. This month, we will be voting on our proposed slate of officers for the coming year, as shown below:

- President: Travis Isaacson, PE
- President-Elect: Bradley East, PE
- Vice President-Programs: Sam Shorter, PE
- Secretary: Roxanne Cook, PE, PMP, CFM
- Treasurer: Kat Lauer, EIT
- Treasurer-Elect: Tyler Dube, PE
- Communications Director: Paul Hahn, PE
- Section Director: Genest Landry, PE, PMP
- Younger Member Director: Leanne Cantalupo, EIT
- Past President: Kacey Paul, PE, CFM

For our June luncheon, we will be hearing from Engineers without Borders about their activities and projects. Please join us to learn about their organization and what innovative solutions they’re employing to solve problems around the world.

Keep in mind that ASCE-Austin Branch will not hold our monthly luncheons in July or August, as we will be on our summer break and working on officer transitions.

Lastly, now is a great time to get involved! We are currently looking for committee chairs and members. If you’ve been wanting to contribute in any way to help make our branch the success that it is, please contact me (830-798-6265, president@austinasce.org) or another officer or committee member. Thank you for everything you do to support ASCE!

We hope to see you at one of our upcoming events. Please follow up on Facebook, Linked In and Instagram for event recaps, upcoming events, relevant news, and updates.

Thank you for everything you do to support ASCE!

Mazen Zee Alameddine  
*EWB Greater Austin Chapter President*

Mazen graduated from the University of Texas at Austin in 2005 with a Bachelor of Science in Mechanical Engineering. He worked in Oil & Gas till 2017, first as a field engineer, then in design, production, and testing. Mazen moved back to Austin in 2016 to help grow a family business. He has been a volunteer with EWB since 2016 and is the current EWB Greater Austin Chapter President.

**May Branch Meeting** by Bradley L. East, M.S., P.E.

The June Branch meeting will cover EWB-USA, a nonprofit humanitarian organization established to support community-driven development programs worldwide through partnerships that design and implement sustainable engineering projects while creating transformative experiences that enrich global perspectives and create responsible leaders. The Greater Austin chapter of EWB-USA (EWB-GA) was formed by merging The University of Texas at Austin student chapter and Central Texas professional chapter in the summer of 2009. The passion, drive, and inquisitiveness of our younger members combined with the technical and project management experience of our more tenured members creates tremendous momentum that ensures we make a positive, lasting impact on our partner communities. EWB-GA is dedicated to providing life quality improvements to communities in need via the implementation of simple engineering technologies. Our projects tend toward water, renewable resources, and community health, requiring the insight and knowledge of students and professionals from a variety of fields. Our project locations vary from Peru to Guatemala to local projects at home in Austin. There is plenty going on in the Greater Austin Chapter of EWB-USA. Whether you can commit a couple hours a month locally or a couple weeks abroad, join us at our next general meeting or social gathering to learn more.

Katherine Smith, EIT
ASCE YMF ATX
Social Media Chair

“I love that ASCE YMF provides social, educational, and service events. It’s a great way to meet and stay in touch with fellow younger engineers.”

Glenn A. Goldstein, PE, PMP
ASCE Austin Branch
Past President

“ASCE provides a forum to interface with people who share the same professional passion. It is rewarding to inspire the next generation of leaders to focus on what we can do to better ourselves, our communities, and our profession.”

Lindsay O’Leary, PE, LEED AP, MASCE
ASCE Texas Section
Executive Director

“Being an active member of ASCE is invaluable. As a member, I’ve made lifelong friendships, gained technical knowledge beyond my area of expertise, & was recognized by my peers as a leader at a young age.

Now, as the Executive Director of the ASCE Texas Section, it’s my job and privilege to support members as they implement our vision: Texas civil engineers are leaders in their communities, building a better quality of life across the street and around the world.”

New Contact Information by Sam Shorter, P.E. and Tyler Dube, P.E.

The Branch is updating contact information for key Board and Committee positions with new email addresses. In the past, our leaders have utilized personal or work email accounts with mixed success in transferring knowledge to incoming board/committee members. The goal is to enable continuity and central storage/maintenance of branch email communications from year to year as members cycle through the various leadership roles. Listed at left and below are current officers and committee chairs with their corresponding new email addresses.
