## SPEAKERS

### **Christiana Astarita, P.E.** **Project Manager, TxDOT Austin District**

Christiana Astarita, P.E. is the TxDOT Austin District Project Manager for the Oak Hill Parkway Design-Build Project. Christiana has over 20 years of progressive engineering design, construction, and project management experience in the major metropolitan areas of Austin, Honolulu, and Las Vegas. Her experience focuses on project transportation mobility solutions.

Past roles included serving as the project manager for the SH 71 Express (also SH 71 Toll Lanes) Design-Build Project, as well as managing the Central Texas Regional Mobility Authority (CTRMA) Local Government Oversight Program for projects in construction. Christiana received her Bachelor of Science in Civil Engineering from the University of Nevada, Las Vegas.

## MEETING SPONSOR

Rinker Materials, a QUIKRETE Company is the nation's largest manufacturer of concrete pipe, box culvert, precast and related products. Founded in 1964, Rinker Materials became part of The Quikrete Companies in 2017. Expanding on its leadership position, in March of 2022 Quikrete purchased Forterra Pipe & Precast and integrated it into Rinker. Rinker Materials is recognized as an industry leader in product innovation, technical expertise, high-quality products, safety, and customer service.

Rinker Materials personnel are active in numerous national and local associations offering their knowledge and expertise in the development of product specifications, innovative design methodology, and manufacturing processes.

With over 70 facilities that serve more than 35 states and eastern Canadian provinces, Rinker Materials is well-positioned to be your local resource. Rinker Materials facilities produce a full range of products, including concrete pipe ranging in diameters 12" – 144", precast box culverts ranging from 3'x2' to spans up to 24' wide, bridge solutions, precast, along with various specialty products, making Rinker your one source for infrastructure solutions.
