CAFTCAD COMMITTEES UPDATE

CAFTCAD's initiatives are ever evolving, which means our committees change as well.

We have recently added some new committees as well as adapted our Diversity, Equity, and Inclusion (DEI) Committee so that members of the DEI Committee are amalgamated into the other working committees in order to ensure essential DEI work is being done in all of CAFTCAD's initiatives. We have also recently introduced the **Fundraising** and **Membership** Committees to help us bring in essential funds for the organization as well as grow our membership base.
