Stormwater Scavenger Hunt

Everything pictured here helps slow down, spread out, and soak in stormwater. This can reduce flooding and pollution entering our lakes and streams. How many of these can you find in your neighborhood?

- Trees
- Adopted Storm Drain
  Adopt your own drain at www.adoptadrain-lgrow.org
- Native Plants
- Rain Barrel
- Rain Garden
- Permeable Pavement
- Wetland
- Shoreline Buffer
- Educational Signs

Visit www.LGROW.org to learn more about how each of these helps protect water quality!
