A Homage to The Masters: Vincent Van Gogh

A Free In-Person Workshop Presented by Cancer Support Community Atlanta

In our series, “A Homage in painting to The Masters” we will explore acrylic painting and look closely at the work of Vincent Van Gogh. You will be given the opportunity to create your own original using his style. No artistic skill necessary… just a desire to explore and play with art materials.

Vincent Van Gogh, a post-impressionist, is known for the range of painting subjects from rural laborers, café scenes and natural landscapes. He struggled with mental illness and painted a huge part of his collection while in an asylum, where he painted every day. He sold one painting in his lifetime, lost part of his ear, and died at the age of 37. He created over 850 painting and 1,300 other works of art on paper. His sister-in-law brought his artwork out into the world, eventually leading to a museum dedicated to his creations in Amsterdam.
