Cotton sateen blouse (\$320) and dress (\$498) and bamboo bangle (\$60), Cult Gaia; cultgaia.com.

## Style Cult

Los Angeles label Cult Gaia struck gold last summer with its bamboo Ark bag, and now it's hoping to do it again with ready-to-wear. The line, made from sustainably minded surplus fabric, deals in the same Instagram It girl aesthetic: vibrant, lively, and selfie-worthy from all angles. Rayon-blend top (\$215), silk pants (\$288), and acrylic bag (\$298), Cult Gaia; cultgaia.com.

**WALL FLOWERS** Aquazzura designer Edgardo Osorio loved the de Gournay wallpaper in his home so much, he worked with the English company on a custom tropical print to splash onto a range of covetable shoes.

Jacquard mules, Aquazzura x de Gournay, \$750; matchesfashion.com.

## Sofia's Choice

For her gorgeous debut collection, Argentinean art director-turned-street style star Sofía Sanchez de Betak (aka "Chufy") reinterprets her native country's traditional silhouettes—gauchos, ponchos, alpargatas—through a high-fashion lens with the help of local artisans.

Organza blouse (\$895), linen pants (\$595), rabbit-hair hat (\$425), gold-plated necklace (\$1,323), and linen espadrilles (\$855), Chufy; chufy.world.

## GIRLS' NIGHT OUT

Five college besties (Zoë Kravitz, Jillian Bell, Scarlett Johansson, Ilana Glazer, and Kate McKinnon) descend on Miami for a bachelorette weekend gone awry (think: dead stripper stashed inside a closet) in this month's comedy *Rough Night*.

**HERE COMES THE SUN** Let your shades reflect the optimism of summer: Try attention-grabbing shapes in playful finishes like multicolored marble and petal pink.
