

Complete Business Solutions for Fleet Management

Petro-Canada™ offers complete solutions to fulfill your company's fuelling and lubricant needs. We help you maximize productivity, without having to worry about the day to day challenges of fleet management.

SuperPass™

The only card you need for effective fleet management

- Access Canada's largest gasoline and diesel network with one card at over 1,500 retail stations and 250 cardlock locations, plus over 1,300 truck stops in the U.S.
- SuperPass Online gives you 24-hour online access to your account with real-time tracking, customizable reports and the ability to set limits and restrictions by vehicle or driver

Petro-Pass™

Canada's largest cardlock network

- Over 250 Petro-Pass locations nationwide
- Largest Bulk DEF network in Canada
- We make life easier on the road by offering showers, drivers' lounges, hot food, convenience stores, free Wi-Fi and more

On-Site Refuelling

Ensure your vehicles are ready when you are

- Increase your productivity by ensuring your vehicles and equipment are fuelled and ready to go when your drivers are
- On-Site Refuelling Online helps you to simplify your equipment fuelling process, monitor fuel consumption, and improve your overall efficiency

Lubricants

Superior quality products to improve your fleet efficiency

- With premium quality lubricants, specialty fluids and greases, we fulfill the needs of many of the world's leading companies in virtually every industry in over 80 countries
- Our superior quality products help improve fleet efficiency and bottom line performance

Bulk Delivered Fuel

Get your fuel products where and when you need them

- A world-class leader in delivering best-in-class services safely and reliably to your site
- We make sure the fuel products are there when you need them, delivered directly on-site, anywhere in Canada

Quality products and superior service from one trusted source.
