I hope you have your sunscreen and hat this Summer because it's been scorching!

MURAL PAINTING

EBI is so proud of Officer Guillermo Zavala and his EBI team, along with Deputy Roman Rosales of PDC North, for coming up with the mural painting idea at NCCF.

The NCCF Art program, along with Five Keys Charter School, took the idea and ran with it. Officer Guillermo Zavala was excited when the inmates created the American flag mural (see photo below) and incorporated everything the team wanted, from the state seal to the California bear and especially the Sheriff Star.

Mrs. Marcia from Five Keys Charter School was amazing through the project and the biggest help during the project. Officer Guillermo Zavala believes Mrs. Marcia was a blessing from Five Keys and a pleasure to have as an art teacher. The most shocking part of the project was the inmates who painted the murals had absolutely no experience, and with the tools

they learned in class and the guidance they were given from the teachers, the murals came out fantastic.

The inmates had such a sense of completion once they finished the murals. They were amazed with what they created with just a wave of the brush. This goes to show you how much EBI and the programs offered are helping the inmates not only change for the better, but change their impressions of themselves. Good job, North!
