

# 2024 Grants Press Release

FOR IMMEDIATE RELEASE

## Outride Empowers Communities with 89 New Grants Expanding Access to Cycling

BOULDER, COLORADO - Outride, a leading nonprofit empowering all people to experience the benefits of cycling, has announced 89 grant recipients across two transformative programs. The Riding For Focus program will provide 46 schools that serve students from low-income backgrounds with a fleet of bikes, helmets, curriculum, and professional development for staff. The Community Grant program will provide an additional 43 regional nonprofits with funding, from \$5000 to \$15000, to enhance infrastructure and cycling programs.

Driven by Outride's pioneering research efforts, the Outride grant programs aim to aid communities in serving thousands of youth and community members across the US and Canada.

"The benefits of cycling should be available to everyone, and that's what we're trying to accomplish through our grants," said Chazz Robinson, senior program manager for Outride. "We're confident this year's recipients will make the world a better place through their use of the bicycle."

Grant recipients are listed below. To learn more about these impactful grant programs, visit [outridebike.org](https://outridebike.org). For further information on Outride's grant process, please contact Chazz Robinson at [chazz@outridebike.org](mailto:chazz@outridebike.org).
