McCloud, Lower Pit Region: Geology

Legend:
- **Towns and Cities**
- **INTERSTATE**
- **US HWY**
- **STATE HWY**
- **Railroads**
- **Hydrography**
  - Primary Rivers and Streams
  - Other Rivers and Streams
  - Waterbodies
- **Planning Areas**
  - Upper Sac IRWM Region Boundary
  - 4th Field Planning Watersheds
  - Neighboring IRWM Region Boundary
- **USGS Bedrock**
  - Alluvium
  - Andesite
  - Diorite
  - Dolostone (Dolomite)
  - Gabbro
  - Granodiorite
  - Intermediate Volcanic Rock
  - Limestone
  - Mudstone
  - Peridotite
  - Sandstone
  - Schist
  - Shale
  - Slate

Scale: 1:633,600 1 inch = 10 miles

Map includes roads, highways, primary and other rivers and streams, towns and cities, and geological layers such as alluvium, andesite, diorite, and limestone. The map also indicates planning areas and the boundary of the Upper Sac IRWM Region.
