

The Nest Bowling Green was developed out of a heart to provide a solution to the student in a crisis pregnancy by giving support and help to complete their educational goals. Our mission is to deliver free, high quality, early learning opportunities and Christ-centered care to children while parents are attending classes. We will be supporting parents' overall success with an on site study room, weekly Gospel centered parenting classes, one on one mentors, tutoring and peace of mind that their children are receiving excellent care and education alongside them. Our purpose is to enable young parents to live out their dreams and calling as a strong family unit empowering them to take flight and soar!

The Nest is hopeful to be opening our doors this fall to families. *The Nest* can only do this with partnerships like yours. Thank you for considering our mission and to help build *The Nest*.

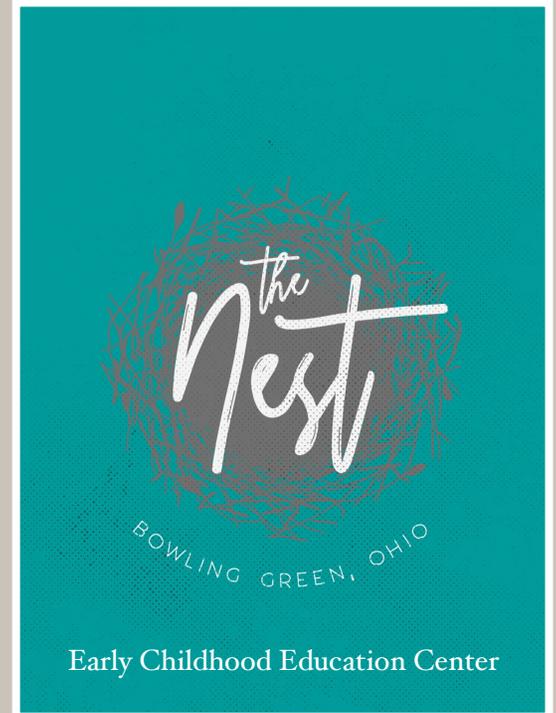

THE NEST BOWLING GREEN

The mission of *The Nest* is to serve young families through the love of Christ by providing free early childhood learning services and support for parents to complete their education.

EARLY CHILDHOOD EDUCATIONAL CENTER

The first five years of a child's life are the most important. For young families, finding a Christian based early childhood learning center can be a struggle. Often high-quality schools put a financial strain on young families making this option out of reach and typically they are not Christ-centered. We want to solve that problem by meeting those needs through *The Nest*.

- ❖ Christ-centered
- ❖ Developmentally Appropriate Practices
- ❖ Low child/teacher ratios
- ❖ Quality Teachers
- ❖ Positive, loving environment

PARENTING SUPPORT

Early Parenthood can be stressful. Often parents lack emotional support and the skill-set to parent effectively. We will go above and beyond to aid parents by offering them the support they need. Not only will *The Nest* provide weekly, biblically based parenting classes, but we will refer them to counseling services through local churches.

- ❖ Spiritual Development
- ❖ Parenting Classes
- ❖ One on one mentors
- ❖ Home visits
- ❖ Referral Services

EDUCATIONAL SUPPORT

Statistics show that 60% of teen moms fail to graduate from high school and fewer than 2% finish college by age 30. *The Nest* is striving to help change those numbers. Parents must maintain passing grades to participate in our program which we assist through many facets. Whether the goal is to graduate from high school or college, we are here to help parents spread their wings and fly.

- ❖ On-site study room
- ❖ Tutors
- ❖ Technology
- ❖ Career and employment guidance
- ❖ Peer support
