

TOYX Rules Car #15046
Built August 1929 by Pullman

History: built as Grand Trunk Western #891 *Wabascon Lake* (solarium lounge observation), to GTW #580 *Wabascon Lake* in May 1936, to Canadian National #580 *Wabascon Lake* in December 1956, to GTW #15046 in 1965 (medical car, later converted to a rules instruction car in 1977), sold to private owner in Candiac, Quebec circa 2004, resold to NYGL #10 in mid-2000s, acquired by Passaic Street Properties in September 2020, donated to Operation Toy Train in September 2020

Condition Notes: Body is in poor shape, roof caved in about 10 years ago and water has permeated nearly every part of the car. Significant mold and water damage. Frame appears solid, trucks are in good condition. Roller bearing-equipped Dofasco 3-axle trucks with 5½”x10” adapter bearing boxes. UC brake system, holds air, COT&S is not current.
