**HABITUATION GUARANTEE**<sup>4</sup>  
 6 MONTHS

(<sup>1</sup>) **TRAVELLER SERVICE** If your glasses are damaged or lost when travelling abroad, we will send an emergency set of far- or near-vision lenses and/or frames to your place of residence, free of charge. Once you replace or repair your own glasses, you simply return the emergency set to Faces and Glasses. Only available with personalized lenses. If you experience a similar such problem with good, excellence or perfection lenses, there's also no reason to worry. We'll find a fast and affordable solution. Just contact us, and your fix will be in transit to you before the end of the day! (<sup>2</sup>) **LENS GUARANTEE** We guarantee the function and durability of your new lenses. If your lenses have a quality or fabrication defect, you will receive identical lenses free of charge. (<sup>3</sup>) **SNAP GUARANTEE** If your F&G frames crack or break while snapping lenses, we will provide you with an identical replacement frame at no cost. (<sup>4</sup>) **HABITUATION GUARANTEE** We guarantee problem-free acclimatisation to your multifocal and office lenses. If you are not satisfied, we will replace the lenses with a different lens product of the same correction values, and/or you can upgrade to a higher quality lens with a respective additional payment. In the event of a guarantee claim, there is no entitlement to compensation for the value.
