

## NOT YOUR TYPICAL STARTUP ORGANIZATION

StartInCLE is a community of startup founders, executives, investors, and freelancers. We're all about making the lives of startup founders in Northeast Ohio better while making the region more attractive to outsiders. StartInCLE is founder led, founder focused, and pretty damned obsessed with our mission.

*A great format for founders to have a more in-depth conversation, catch up, and get to know each other. I like it way better than a typical networking format.*

## WHAT THE WORLD NEEDS NOW

Founders don't tolerate bullshit and don't have time for endless meetings and talk. That's why StartInCLE is always biased toward action. When in doubt, we do something bold. This might piss some people off, but it's the right mindset.

## HOW TO GET INVOLVED

We have at least two events each month, you're always welcome! Or, join our online communities. We have hundreds of people on our Facebook and Slack groups. Find out more at [startincle.com](http://startincle.com) or reach out to [getinvolved@startincle.com](mailto:getinvolved@startincle.com)

## HELP SUPPORT STARTINCLE

StartInCLE is a grassroots organization and 100% of our funding comes from the community. Founders contribute donations when they can, and sponsors cover the rest. To contribute or sponsor, check out [startincle.com/support](http://startincle.com/support). Thanks!
