James von Klemperer FAIA, (left) is President & Design Principal at Kohn Pedersen Fox Associates. As President, he is responsible for leading a staff of 550 people in six offices around the world. Jamie is the Principal Designer for the recently awarded Singapore Changi Airport Terminal 5. Major projects include the Singapore Marina Bay Financial Center and Singapore Exchange Center, Jing An Kerry Center in Shanghai, Lotte World Tower in Seoul, One Vanderbilt in New York and the award winning Riverside 66 retail center in Tianjin, China. Jamie has lectured at Harvard, Columbia, Tsinghu, Tongji, Seoul National and Yonsei, the ESA in Paris, AMO in Lyon and at Yale, he taught as Eero Saarinen Visiting Professor.

Illya Azaroff AIA (right), founding principal +LAB architect PLLC & Associate Professor, New York City College of Technology (CUNY), a leader in disaster mitigation, resilient planning strategies and design. Illya is one of AIA leading resiliency/sustainability specialists world-wide. He consults with design teams across US and world. Presently, he works with FEMA/ANCR to develop curriculum for resilience as well as with City of New York on the 2019 Hazard Mitigation Plan. He advises teams working in Houston, Puerto Rico and Dominica on building resilient capacities. Prior he served as a Technical Advisor to ASPR-Assistant Secretary for Preparedness & Response informing NDFR-National Disaster Recovery Framework.
