

BIO AND THEN CAME FALL (ENGLISH)

And Then Came Fall was formed by **Annelies Tanghe** (*Iza, ZeeSter*) and **Sam Pieter Janssens** (*klankman*) in the city of Leuven, Belgium. After recording four songs in the Summer/Fall of 2016 the two musicians felt tremendously satisfied with the result of this collaboration.

They started a crowdfunding campaign to make a full length album release possible. A few months later twelve songs were recorded together with producer **Koen Gisen** (*An Pierlé, Bony King, Sarah Ferri, ...*) who captured the songs with a lot of soul at studio La Patrie (Ghent). **Steven Van Gelder** (*Tout va bien, Lady Linn, Hydrogen Sea, ...*) played drums and **Jasper Hautekiet** (*the Rhythm Junks, Admiral Freebee, ...*) played bass. You can hear **Pieter Van Dessel** (*Marble Sounds*) and **An Pierlé** sing with us on a few tracks. **Karel De Backer** took care of the mastering process of the record.

Thanks to a succesfull crowdfunding campaign **And Then Came Fall** is able to release on both CD and vinyl.

The self-titled album will be released February 2nd 2018 with **Starman Records**.
