Education

UX Design
General Assembly

BA Psychology
Eastern Washington University

AAS Exercise Science
Lake Washington Institute Of
Technology

Certificates

General Assembly
UX Design course

My aim is to make the difficult become simple, while creating layouts that provide practicality & visual appeal through interaction design. Coming from a psychology background, I can appreciate the application of design principals supported by research that can improve the way people live.

Experience

2017 **UX Designer** **ArcStatus**

Frelance work as an interaction designer for a startup company, helping to redesign business management software through wireframing, information architecture, and team collaboration.

2017 **General Assembly**

Full-time immersive UX Design program that included 500+ hours of professional training over 10 weeks. Utilized a hands-on approach to practice user-centered design methods, design thinking skills, team collaboration and client relations.

2012-2017 **Machine Operator/ Deburr Technician** **SkoFlo Industries**

Operated computer numerical control milling and lathe machines. Inspected parts for conformity to specifications according to blue prints. Removed extraneous material from parts. Maintained written and visual records. Worked one on one with quality control inspectors to guarantee standard specifications were implemented.

2010-2011 **Administrative Assistant** **Intelius - Terra Staffing**

Organized and filed documents using Microsoft Office tools, removed private information from public access off the internet upon request. Provided internet identity protection service and helped resolve customer complaints.

2008-2009 **Machine Operator/ Deburr Technician -Alpha Precision**

2007-2008 **Personal Trainer -Gold's Gym**
