## **Dear Granville Chapel Members,**

The Missions Team is pleased to offer you this Prayer Handbook resource for insight and prayer so that you may further support the work of Granville's wonderful missionary and organization partners here and around the world.

We typically partner with people and organizations that have a relationship to Granville. Missionaries are mostly those who have come through the doors of Granville, been built up here, and sent out. However, not everyone at Granville has been in the church for a long time, nor know all of the missionaries that we support. This is a helpful resource to understand who and how to support our ministry partners. Perhaps there are ministries that you were not aware of, or perhaps there are certain ministries that you would like to engage in serving?

Granville has a rich history of investing in, starting up, and spurring on ministries that answer to our Lord and Saviour's call.

Go therefore and make disciples of all nations, baptizing them in the name of the Father and of the Son and of the Holy Spirit. Matt 28:18

We are God's workmanship, created in Christ Jesus to do good works which God prepared in advance for us to do. Eph. 2:10

Please join in the call through the faithful, ongoing support and encouragement of these Kingdom builders!

On Behalf of the Missions Team,  
Terry Robertson (Chair)

# **A Brief History of Granville Missions**

## **Era 1: 1940's -1970's:**

### **Missional Works Established**

- Granville missionary families work to plant Brethren churches in the Dominican Republic. Over 100 active Dominican Churches today.
- Businessmen at Granville establish Calling Foundation/Ministries and develop Seniors Housing with land from the City of Vancouver, and are gifted a home that provides accommodation for returning missionaries.
- Three businessmen from Granville are part of a group that established Regent College at UBC.
- Many families at Granville support the early work of Young Life ministries to youth in Vancouver through board and committee work as well as opening homes to weekly club.

\*Granville members continue to be involved in all of these ministries up until today.

## **Era 2: 1980's-1990's:**

### **Opening of Closed Countries and Asian Immigration**

- Granville supports missionaries who undertake work in the former Soviet Union countries of Russia, Moldova, Albania, and Ukraine.
- Granville members teach English in China and Mongolia as a means of early entrance into these closed countries. The Mongolia work influences teaching English at Granville.
- Teaching English to the wave of primarily Asian immigrants starts at Granville and leads to the establishment of a distinct service in Mandarin.

### **Era 3: 2000's-today:**

#### **Local and Global Expansion of Granville Missions**

- A Missions Team is established that supports missionaries locally and around the world to enhance Granville's missional reach to each continent. Most of the missionaries supported have come through Granville doors. Clear plans are developed every three years guiding the work.
- Over 500 Granville members sent on short term missions.
- Alpha global leadership is supported and Alpha as a missions' outreach at Granville is started.
- Large donations are provided for Missions purposes at Granville and are used for important projects with our global missionary partners.
- Camp ministry is supported at Rockridge (new Young Life Camp), Anvil, and Pioneer with many volunteers from Granville.
- Granville supports church planting efforts with lasting works established in Fresno, California and locally with The Way church in three locations in Vancouver. A leader Granville supported in Alpha is a key leader in this Church.
- Granville partners with key justice and care missions in indigenous people's outreach, sex trafficking recovery, low-income family support, and orphaned children.
- A ministry encouraging Christians to reach out to neighbours is established at Granville and shared with other Christian communities.

# Jason BALLARD

Jason Ballard is the Lead Pastor of The Way Church Vancouver. He is Executive Director of the Canadian Church Leaders Network (CCLN), a network committed to serving church leaders in Canada and developing the next generation of ministers who will lead the church of tomorrow. Our initiatives include producing online content and resources, hosting regional events, and facilitating the Church Leaders Incubator, a two-year program to strengthen young pastors for long-term, effective, senior leadership. Our goal with all of our initiatives is to catalyze conversation and build bridges across various contexts in order to better equip more resilient, theologically robust, and culturally nuanced church leaders to thrive in our post-Christian culture.

"We started CCLN in 2020 with a conviction to play our part in seeing the next generation of Canadian pastors filled with hope, connected in community, and equipped to lead in our time. As we step into our fourth year as a ministry, we are only more convicted, hope-filled, and passionate about this work. We feel deeply humbled by the growing trust from pastors and supporters across Canada. Pray that we would have increased capacity to invest in more pastors in significant ways and join us as we pray for the renewal of the Church in Canada."

# Georgia & Achao **MACAD**

Georgia and Achao (Emmaus, Lucas and Zion) are full-time missionaries to the Philippines. Georgia and Achao founded the non-profit Abundant Grace of God Maternity Centre which shares God's love with the families of the province of Kalinga through maternity care. Georgia and Achao have been serving since 2007 and were commended by Granville Chapel in 2012.

The isolated province of Kalinga, an area still plagued with tribal wars and poverty, is one of the most beautiful and untouched areas in the Philippines. The people have historically had little to no access to medical care. In fact, before most of the pregnant women delivered their babies at home on their own, without any prior prenatal care or attending doctor or midwife. Many of these women and babies died due to complications that would have been easily preventable with adequate care from a qualified midwife.

Georgia is a Certified Professional Midwife. In 2007, Georgia, her husband Achao together along with some young local women wanting to study midwifery, set up a maternity clinic to serve the tribal peoples of Kalinga. It was opened in February 2007 and almost 4000 babies have been delivered and over 50 local midwives have been trained. Georgia spends her time training local midwives and caring for moms and babies at the centre. Achao is in charge of clinic maintenance, emergency driving and building projects manager.

[mbmarczak@gmail.com](mailto:mbmarczak@gmail.com)

## ABOUT US

We have four grown up sons all of whom live for the Lord. Three of them are married. Our youngest son Adam is 20 and currently lives in Calgary. We have four grandchildren. We moved to Poland in 1996 to be involved in church planting. By the grace of God a local church was planted in the city of Wroclaw where we currently reside (and recently a second church plant in Tarnow!). We are still very involved in this local church, which is active in local ministries including a preschool, elementary school grades 1-3, and a social store.

## MINISTRY UPDATES

In the last couple of years we have seen the Lord leading us to be more involved in the area of teaching, mentoring, and discipleship. We spend quite a bit of time with young church leaders and potential leaders, both men and women. Beata is the president of the Women's Forum, a non-profit organisation that focuses on evangelism and discipleship of women. Mirek is a founder of the Center for Leadership Development, where he organizes workshops, discussion meetings and lectures. It is our desire to see young church leaders live up to their God-given potential. We encourage and challenge them to carry the baton that was passed on to them by their older brothers and sisters in Christ.

# Eric & Ellen **PETERS**

We are Eric and Ellen Peters with Pioneers, an org that serves in lesser-reached areas around the world so God's church can begin, grow and multiply.

We served in Asia for 32 years among unreached people—most recently in Thailand, where Eric served our global Pioneers family as International Director for 11 years, until 2022. We continued to engage in global ministry with Pioneers from Columbia, SC, while caring for Eric's parents in their final few years, and now participate in the care of Ellen's parents. Being stateside means our ministry is often virtual, or requires international travel. We currently serve in a mentoring and consulting role, coming alongside missionaries and church-planters to help them remain vibrant and anchored in God's word, and stay focused on mission. Prayer ministry is also a key focus. We love what God has called us to do, and enjoy seeing Him work in hearts as his church is planted among all peoples.

# Peter & Kelly **PASSCHIER**

## ABOUT US

We were sent out by Granville Chapel to do church planting work in Thailand with OMF International in 2008. Since 2019 we have been living in Chiangrai, the northernmost province of Thailand, where we are part of the Tai Yuan team (the Tai Yuan is the name for the Northern Thai people group). The team is involved in church planting and discipleship in various locations and settings.

## MINISTRY UPDATES

The particular focus of our family has been the Chiang Rai International Christian School, a very strategic regional asset in the kingdom of God. The teachers are all missionaries that are supported by their sending churches, and the school is very overtly and positively Christian. Yet, some 30% of the student body consists of children from Thai families, mostly Buddhist. Through reaching and discipling these families and the wider communities they are a part of, we hope to see a movement for Jesus that will have an impact on the whole region.

# Tanya & Kevin **VAN HORNE**

Kevin and Tanya were married in 1995. They met in Moscow, Russia and lived in Donetsk, Ukraine and Chisinau Moldova as well as Canada and the US. Their children Stephen (born 1999) and Sophia (born 2001) were born while Kevin and Tanya were members of Granville Chapel during their sojourn in Vancouver as students of Regent College. Since 2013 they have made their home near Madison Wisconsin, a home base for continued international travel and global engagement. Both children have now graduated university and are making their way in life.

Tanya is seconded to the Lausanne Movement as Director of Collaboration, serving global church leaders in Great Commission collaboration. She serves InterVarsity by connecting the organization and students with this global movement through the Urbana Missions Conference. Kevin works to develop partnerships with student ministries around the globe through the International Fellowship of Evangelical Students (IFES), including InterVarsity USA.

Join us in praying Luke 10:2 for the Lord to raise up workers for the harvest among university students around the globe, both to send from the US, and in each of the 182 countries where IFES has affiliated national movements.

# Shaila VISSER

Shaila Visser is the National Director of Alpha Canada and the Global Senior Vice-President for Alpha International. She is the Executive Producer of both The Alpha Youth Film Series (2013) and The Alpha Film Series (2016), and currently holds a position on the Board of the Damascus Road Foundation.

Shaila has a heart for people coming to know Jesus and is passionate about helping the local church flourish. She is a gifted communicator who is known for her strategic leadership as well as her ability to bring people together. Shaila lives in Vancouver with her husband, Ryan, a Vancouver Police Officer, and their four-legged family members, Talon and Benny.

Alpha has undergone an exciting few years. Where we see darkness increasing, the light of Jesus shines brighter. Churches came back from Covid excited, running really great Alpha courses. Never has Shaila seen so many younger people interested in conversations of spirituality. A new youth Alpha series launches in November 2024 for the aptly-named "Gen Alpha" starting high school this year.

# Joe & Heidi **WHITE**

Joe & Heidi White are former pastors at Granville Chapel (2005-2015) and were sent out as missionaries to plant Neighborhood Church in Fresno, California as an extension of Granville's vision to extend God's Kingdom around the world. They have 4 kids, Elizabeth, Josiah, Noah, and Joel. Their passions are hiking, backpacking, skiing, rock climbing, and Jesus. They currently live in the church's Jackson Neighborhood, a vulnerable neighborhood, and serve in church-based Christian community development ministry. They also started the Jackson Community Development Corporation, the Jackson Neighborhood Association, and Neighborhood Jobs - a job training program for at-risk youth in the Jackson Neighborhood.

## MINISTRY UPDATES

The Jackson Neighborhood is located just east of downtown Fresno. It is 8 blocks by 12 blocks and 923 homes representing 3,300 residents. We see our neighborhood as a geographical area of spiritual responsibility: whether the issues are spiritual, economic, educational, environmental, political, or relational we pursue the well-being of the Jackson Neighborhood and its residents. We think the the church is the incarnate faithful presence of Jesus and called to demonstrate the gospel by loving our neighbors.

# Jonathan & Rachel **WARD**

## ENTREPIERRES, FRANCE PIERRES VIVANTES

[entrepierresvivantes.org](http://entrepierresvivantes.org)  
[facebook.com/associationpierresvivantes](https://facebook.com/associationpierresvivantes)

(+33) 492 613 979  
[jonathan.ward@pierresvivantes.org](mailto:jonathan.ward@pierresvivantes.org)  
(MSC CANADA)

Jonathan was born in Canada and raised in France, where his parents were called to serve God in 1966. Rachel was born and raised in Angola and Namibia, where her parents served as missionaries. Following their training in education, theology and clinical counselling, Jonathan and Rachel went to France in 1999 to develop a range of resources and services to help and train Christian workers serving within the French-speaking world. Their three adult children live in France, Ireland, and Scotland. They attended Granville Chapel while on sabbatical in 2008.

Their goal is to help and equip Christian workers (missionaries, pastors, church planters and national Christian leaders) to maintain and renew their health and their passion for ministry, and thus remain effective in pursuing their call to reach people with the love of Jesus. They direct a centre for the care of Christian workers called Entrepierres, located in south-eastern France, to which they welcome around 300 people a year for times of replenishment, debriefing, spiritual direction, vocational guidance, pastoral care, and short-term counselling. Although they are based in France, their work extends throughout French-speaking Europe and Africa, where Jonathan travels to teach in Bible schools, seminaries, and pastors' conferences. In 2003 they founded the Ministry Support Network ([www.resam.fr](http://www.resam.fr)), providing help and resources to people in ministry throughout French-speaking Europe. Jonathan also serves on the boards of Member Care Europe and the Federation of Francophone Evangelical Missions.

# Tua & Johanna **VA'A**

Tua is from the Tsartlip Nation on the WSÁNEĆ Territory where he and his wife Johanna live. Tua and Johanna are Staff Representatives at Stelly's Secondary School and Bayside Middle School, both within walking distance of their home. They focus on supporting Indigenous youth and Tua says it is very special to be able to be a leader in the community where he grew up. Pray for them as they work in the schools, run clubs, disciple teenagers and young adults in the community. Tua and Johanna's goal is for the indigenous youth of Greater Victoria to experience the love of Jesus.

# Mercutio BOSNJAK

Mercutio works with Young Life, a Christian mission loving teens in their world and encouraging them to know Jesus Christ.

Young Life in Vancouver Westside consists of biweekly and weekly "Club" for grades 6 - 8 (WyldLife) and grades 9 -12 (Young Life) respectively: where teens play games, sing songs, and a leader shares about their life and the life of Jesus, all with no strings attached. Outside of those evenings, there's plenty of life-on-life time spent between leaders and teens; cheering at their sports games, going for coffee, hikes, you name it! Mercutio and the volunteer leaders also run "Campaigners", a student leadership group & weekly bible study; encouraging the youth to be active in their faith, to talk about impacting the lives of their friends and highschoools, and to pray for one another. In all the time spent together, there have been great intentional conversations. Teens today are taking in info 24/7, and asking big questions. Pray for their wisdom and safety, and that they might see leaders as trustworthy friends and mentors. As well, pray for more awesome leaders, who love Jesus and have a heart for teens.

# INNER HOPE Youth Ministries

Inner Hope Youth Ministries is a place of hope, belonging and growth for youth and families in East Vancouver impacted by intergenerational trauma. . Our founders, Carla Dickinson and Jenny Shantz, had been engaged in helping youth in East Vancouver for over 10 years before launching Inner Hope in 2007

Our programs are built on mutually transforming long-term relationships, treating those we journey alongside with dignity and respect and valuing cultural heritage. The House serves as a center for operations and a nurturing community space. The Boundless mentorship program pairs youth with adults so they can be known, celebrated and supported. The Post Secondary program walks alongside young adults through this major transition. Four young men currently live at Inner Hope's Home supported by house parents. Inner Hope engages with cultural mentors and a community advisory committee to facilitate healthy partnerships

Issues that we actively address include: Homelessness / Racism / Aging Out of Care / Children in Care / Addiction. Through all this we believe there is hope. By God's grace, we see His love transform young people as we journey alongside them, nurturing their development into greater stability, impacting their families and community.

Inner Hope knows that dignity, respect and valuing cultural heritage are essential as we work together toward right relationships and holistic healing.

Jenny Shantz - Executive Director

# HIMALAYAN Life

As Himalayan Life, we exist to holistically enhance the lives of children and youth in the Himalayas, with particular focus on those who lack basic socio-economic structures. Under the direction of Daniel Burgi, founder and CEO of Himalayan Life, we have been rescuing, nurturing and protecting marginalized children in the Himalayas for 20+ years. Having encountered children who have been abandoned, abused, and neglected in Nepal and India, we are intervening on their behalf to ensure they have access to food, shelter, activities, and career opportunities.

We are a faith-based organization, firmly believing in the transformative power of the Gospel. It is our desire to embody the message of hope, peace and love as we understand it to be the very foundation of our faith as Christians.

Our projects include a ministry among marginalized children in both Pokhara and Chitwan, a plastics recycling social enterprise, vocational training, children's homes in Thankaltar, Ulleri and Ladakh, and an Academic Center in Yangri, with a new school currently under construction, that serves up to 280 students.

# RATANAK International

Brian McConaghy, Founding Director of Ratanak International, is a man with a burden for the people of Cambodia. His journey serving Cambodia began in 1989, when he first visited the Cambodian refugee camps in Thailand. His dedication to the people of Cambodia is a reflection of the person of Jesus Christ at work in his life.

Ratanak International is a Christian organization that works collaboratively to be a catalyst for transformation in Cambodia through a focus on empowering people experiencing exploitation and addressing the systems that exploit them.

WE BELIEVE THAT THERE IS HOPE,  
EVEN AMIDST THE DARKNESS OF  
HUMAN TRAFFICKING IN CAMBODIA.

Ratanak is working collaboratively with vulnerable communities, NGOs and Cambodian government agencies to end exploitation and support trafficking survivors on their journey to healing. This includes with prevention projects with local leaders, transitional care for survivors of exploitation, and technical support projects leading to systematic change at a national level.

# EDEN CAFE

## Fari Maghami

Fari Maghami is a pastor at Coastal Church in Downtown Vancouver, where he also directs the Coastal Church Eden Ministries. Living in the Downtown Eastside with his family, Maghami oversees the Eden Downtown Eastside Team and Eden Cafe, which opened just before the Covid-19 pandemic began.

Eden Cafe has become a vital community resource, providing jobs for individuals who face employment barriers due to past struggles with addiction or limited experience. As a social enterprise, the cafe creates a supportive and welcoming environment aimed at improving the neighborhood and fostering a sense of community.

Over the past four years, Eden Cafe has served as a central hub for various activities including prayer meetings, Bible studies, and community programs. It also offers transitional employment and training programs with a focus on personal development and discipleship. Located at 643 E Hastings St, the cafe is known for its delicious food, great coffee, and warm atmosphere, reflecting its commitment to both community support and sharing the gospel.

# BEZULU

In partnership with  
**Bulembu**

Bezulu is a Canadian charity that exists to transform orphan care in Africa - restoring hope, equipping lives, and rebuilding families through Christ-centered community care.

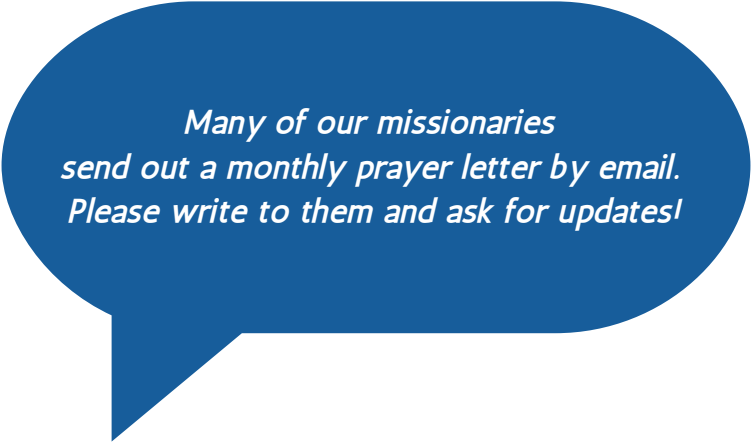

We are proud to partner with Bulembu Ministries in Eswatini in the care of more than 350 orphaned and vulnerable children. Through this partnership, we are providing for the loving care of hundreds of children, supporting dozens of young adults as they transition out of the orphanage setting and into adulthood, and we are rebuilding families that have been broken apart by crisis.

Bezulu is an African word that means "the people who are from heaven." It is a word full of action and purpose, calling us to do what we can to bring healing and hope to the world. We can all be Bezulu.

Josh, pictured here with his family (Nadine, Oliver, Finn and Belle), is the founding Executive Director of Bezulu and is currently based in Edmonton, AB.
