TERMS & CONDITIONS

» Horse Health Requirements

Each horse must have a negative coggins test within twelve (12) months of the sale. NOTE: Canadian horses must have International Health papers for transport between countries. Any questions on this should be directed to your vet or visit the following website: ***www.aphis.USDA.gov/vs***.

All mares sold vet checked in foal, if questionable, must be checked at the buyer's expense before leaving the grounds. If found not to be in foal, it will be at the seller's expense. All mares not vet checked in foal will be assumed to be open.

» Check In

No horses will be allowed on the grounds without proper coggins papers. Horses arriving must be taken directly to the check-in office to have their paperwork processed. Sale numbers will be assigned and then horses will be stalled. Be sure to send your coggins papers with your transporter if you plan to send the horses ahead of yourself.

» Hay, Bedding, and Feed

All consignors are responsible for their own feed and hay. First bedding will be provided. Additional bedding is available for purchase. No outside bedding is permitted.

» Registrations

If the horse is registered, we will provide a signed transfer and registration certificate to the new owner. Catalog number of the horse is the sale number. Buyers: all sales are final. The seller of the horse guarantees the identity of each animal as it appears on the registration certificate. Title passes at the fall of the auctioneer's hammer at which time all risks and responsibility for the horse passes to the buyer.

» Terms

All consignments must have a new halter and lead rope, otherwise the sale committee will supply one and charge the seller for the cost. No horse will be allowed to leave the grounds without a checkout slip indicating full payment. All horses must be removed from the barns by 5:00 pm on Saturday evening, the last night of the sale, unless other arrangements are made with the sale committee. All sellers are responsible for their horses up until the time that the gavel falls, after which the buyer is in full responsibility.

The sale committee of the Michiana Friesian Sale, LLC, reserves the right to reject any horses for any reason, including (but not limited to) unsoundness, poor condition, and improper documentation of registration or health papers.

» Warranties

Ages, heights, markings, and physical conditions are approximated and not guaranteed. It is the responsibility and obligation of the buyer to examine the horse before he bids as all sales will be final. In case typographical errors or other errors are discovered, the auctioneer will announce them, which will take precedence over the printed catalog. Buyers are therefore cautioned to pay attention to the auctioneer announcements.

TERMS & CONDITIONS

» Buyers Payment

Buyer shall pay for the horse(s) prior to the conclusion of the sale by one of the following means: cash, approved personal check, money order, cashier's check, or traveler's check. US Funds only. Checks are to be made payable to the Michiana Friesian Sale, LLC. A $75 service charge applies on all bad checks (NSF, Stop Payment, etc.)

» Guarantees

No guarantees whatsoever, expressed or implied, are made by the sale committee, the auctioneers, pedigree readers, bid spotters, or anyone associated with the Michiana Friesian Sale, LLC, as to title, quality, unsoundness, or soundness of any consignments. Presentations given in writing by the consignor to the sale committee will be announced at the time of sale as though by the consignor. Any claims made based upon said presentation, guarantees, or omissions, shall be made against the consignor only and not the sale committee or any persons related to the sale. Seller's statements of soundness or unsoundness will be announced at the sale.

» Liabilities

Everyone is urged to use caution and care while attending the sale. The Michiana Friesian Sale, LLC, all members of the committee, and all those associated with the sale in any way shall not be liable for any injuries sustained by anyone attending the sale. All parties entering the grounds where the sale is held, do so at their own risk and further agree that the organization responsible for the sale is hereby released from any liability or responsibility for any injuries sustained by them during the attendance of the sale and it's related activities from any case whatsoever. ***Notice: Under Indiana law, an equine professional is not liable for an injury to or the death of an equine activity participant that results from an inherent risk of the activity.***

» No Sales/Reserves

There will be no "No Sales" on the auction block. If the buyer has a reserve amount on their horse, it is their responsibility to bid (or appoint someone to bid) their horse up to the amount of their reserve.

» Commission Rates

Consignment fee of $100. Commission rates as follows: 5% of the first $5,000, then 2% thereafter. Commission on Buybacks/Reserve Not Attained is 50% of the regular rate, with a minimum of $100 and maximum of $500.

» Payment

Checks will be mailed within 10 business days.

» Star/Ster Predicate

The Ster predicate is awarded during inspections of horses from the year they are three years of age. To be considered for the Ster predicate the horse needs to meet minimum requirements for exterior, movement (in hand), and height at the withers minimum height 1.56m (mares), 1.58m (stallions & geldings).. The Ster predicate may be awarded to mares in the Studbook register, geldings in the Gelding Book, and Foal-Book stallions. The awarding of the Ster predicate for mares and geldings can take place at the same time as Studbook entry. Foal-Book stallions with the Ster predicate that are gelded keep their Ster status. Foal-Book stallions can become Ster at the first viewing of the stallion inspection in the year they are two and half years of age.

» Crown/Kroon Predicate

The Crown predicate is a predicate to which exterior and sport-aptitude requirements apply. Selection for the (preliminary) Crown predicate takes place during the inspections. The requirements for consideration for the (preliminary) Crown predicate are:

- Minimum age is three years old.
- For permanent Crown status the mare must complete an IBOP or ABFP test with a minimum score of 77.0 points and an average of 7 for walk and trot. If the Sport predicate is earned that will also convert the preliminary-Crown status into permanent Crown status.
- Minimum height at the withers 1.58m/15.2 hands.

» Model Predicate

The Model predicate is a predicate to which exterior and sport-aptitude requirements apply. The best mares of the population are considered for the Model predicate. Awarding of the (preliminary) Model status takes place at the inspections. The requirements for the (preliminary) Model status are:

- Minimum age is 7 years old
- The mare must have produced a foal or have a foal on her for permanent Model status the mare must complete an IBOP or ABFP test before the end of the calendar year following the year in which she made preliminary Model, with a minimum score of 77.0 points and an average of 7 for walk and trot. If the Sport predicate is earned within that time frame that will also convert the preliminary-Model status into permanent Model status.
- Minimum height at the withers 1.60m/15.3 hands

» Sport Predicate

The Sport Predicate can be awarded to mares, gelding, and stallions that achieve good results in competitive sport. The Sport predicate can only be obtained based on results achieved at shows registered with the " United States Equestrian Federation, United States Dressage Federation, American Driving Society" or "Koninklijke Nederlands Hippische Sportfederatie"/

Royal Dutch Equestrian Federation (KNHS). The scores registered with USEF, USDF, ADS, or KNHS determine qualification for the Sport predicate.

- a. Dressage Z1+5 Dressage (USDF) Five scores must be 60% or higher at Third Level or above from three different Registered (R) or higher Dressage Judges. Multiple scores on the same day are allowed.; or Z1 Level test 23, 24, 25 or test 26 with 5 scores of 60% or higher.
- b. Driving (Dressage) Z + 10 Obtain Ten points from FEI test #9 from at least 3 different FEI or 'R' rated judges. The point system is as follows: 60%-65% = 1 Point, 66%-70% = 2 Points, 71% or higher = 3 Points. You must submit your score sheets to the FHANA upon completion of each event. FHANA will keep track of your points. Once your horse has obtained the appropriate points (10 Points) you will be contacted that your horse has achieved the Sports Predicate.

FHANA and the KFPS have worked together to have the same requirements that are available to the members in the Netherlands. If you have any questions please contact the FHANA office.

» Preferent for Mares

Mares registered in the Foal Book and the Studbook may become Preferent on offspring. The Preferent predicate needs to be requested with KFPS. Preferent status may be requested both by the owner of a mare or by the owner of (one of) the offspring. Preferent status may also be requested posthumously. Preferent status for mares is granted when the mare in question has produced at least four quality horses. Quality horses are considered:

- Ster or Model mares
- Ster geldings
- Foal Book Ster stallions
- Studbook stallions
- Stallions that made the second viewing of the stallion inspection
- Preferent for Stallions

The Preferent predicate can be awarded to stallions that have a lasting, special influence on the breed. For consideration for Preferent the quality of the offspring will be tested for the breeding-goal characteristics. The lasting value of a stallion is evaluated based on the offspring produced that have determining roles in the breeding of Friesian horses such as Preferent mares, stallion dams and (based on offspring) approved sons.

» Performance-dam/Prestatiemoeder Predicate

The predicate Performance dam/Prestatiemoeder is awarded to mares that have produced three direct offspring that were awarded the Sport predicate.
