

PORTFOLIOS  
WITH PURPOSE®

INVESTED IN GIVING

# Classic contest registration is now open. Sign up today.

Portfolios with Purpose hosts fantasy stock-picking contests that merge the thrill of investing with the joy of giving. Our platform unites a global community of philanthropists who compete to win big money for the charities of their choosing.

## SELECT YOUR LEVEL

The Classic is PwP's flagship challenge. The competition runs for a year, beginning in January and finishing in December. This is the largest contest in both number of participants and amount raised. Players compete as novice (\$100), professional (\$1,000), or master investors (invite only). Click the link above to begin. When prompted, select 'join a contest.'

## BUILD YOUR PORTFOLIO

After selecting the contest you'd like to join, click 'create portfolio.' You will be prompted at this time to pay your entry fee. Don't forget, 100% of all entry and trading fees go to charity. Once you've paid your fee, you may start building your \$1MM fantasy portfolio. For trading rules, [click here](#).

## NEW AND IMPROVED

We're proud to announce improvements this year. For the first time ever, you may gift portfolio entries to friends and family. Another new feature is the ability to create multiple portfolios. For example, enter several portfolios and manage each one independently, testing out different investing strategies for a greater chance of winning. Lastly, back by popular demand, we've reintroduced trading fees which will increase the pool for charity. To learn more and get started, [click here](#).
