6th International Degrowth Conference for Ecological Sustainability and Social Equity
Dialogues in Turbulent Times

POSTER EXHIBITION
This document lists the posters that will be presented at the conference. They will be exhibited in Nöjesteantern throughout the event.

25 August 12:00-13:30
the authors of the posters will be available for talking about their posters in Nöjesteantern.

Posters are often a creative way to communicate complex ideas, which is why we see them as an extremely important part of the conference. **So don't miss the poster exhibition!**
