CLASS OFFICERS

American Government Advisor, Mr. Landrigan; Secretary, Sandra Magi; Vice President, Paul Moffit; President, Henry Chapman; Treasurer, Kathryn Berard; Headmaster, Mr. Brickley.

DEDICATION

RALPH C. GOOD

The Class of 1965 proudly and gratefully salutes Mr. Ralph C. Good. Our graduation happily coincides with the 40th anniversary of Mr. Good's graduation from college. During a period of four decades, he has been a teacher of English and French in four Boston high schools.

Mr. Good has brought to his profession the scholarly equipment growing out of preparation at Boston College, Harvard, and Fitchburg State College. He has earned degrees of A.B., A.M., and LL.B. He is also versed in Medical Science, having been an instructor in this field.

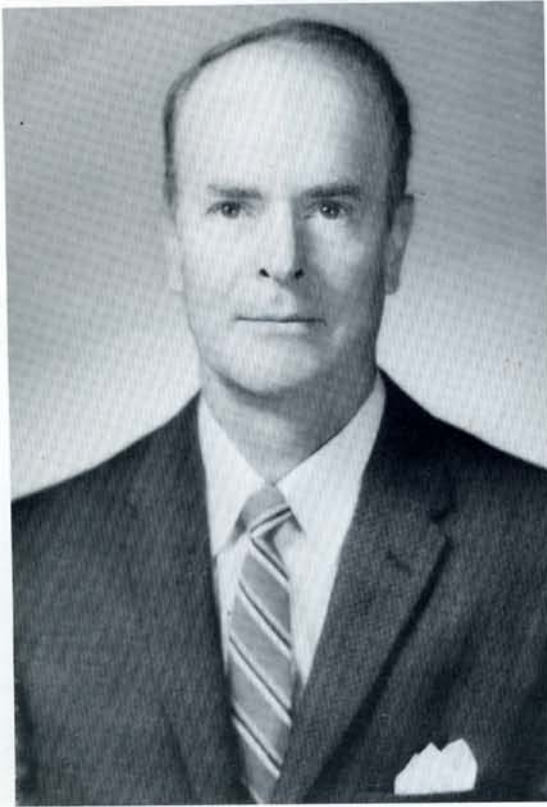

Not only through scholarship, but also through a warm, vital personality, Mr. Good has enriched the lives of all of us. He has unfathomable altruism, and is noted for his cheerful readiness to step into the breach whenever one of his special talents is needed, from playing the piano to directing a student activity. It seems instinctive for him to take a deep personal interest in our problems. Patience and good will are his trademarks. In all his relations with pupils he suggests the ideal teacher who stands "in Loco parentis."

We Seniors and our predecessors have been fortunate in having Mr. Good's guidance and inspiration as Faculty advisor to the Yearbook Staff. Each book done under his supervision has had a thematic characteristic to make it unique. That J.P.H.S. yearbooks have been so well designed and organized is a tribute to Mr. Good's genius, his inexhaustible patience, and discriminating good taste.

Therefore, with pride, gratitude and affection, the Class of 1965 dedicates this Yearbook to Mr. Good, counselor, teacher, and friend.

The Class of 1965

HEADMASTER'S MESSAGE

EDWARD F. BRICKLEY

In our time many a hue and cry is raised about alleged deficiencies of young people. Nevertheless, we who teach these youth have an unperturbed optimism for their future success. The motto "Excelsior!" chosen by the Class of 1965, therefore, invites our applause, for its implicit promises fortify this optimism.

Who bears the banner "Excelsior!" is the brother of Excellence. One who believes in this philosophy accepts the challenge of stress and difficulty with courage, with steady aim, with confidence, and with the satisfaction that comes from doing one's best, regardless of the outcome. "Excelsior!" means the staunch purpose to use our powers of hand, of head, and of heart in the fullest measure of devotion to our station in life.

If this is, as it should be, the unforgettable lesson taught by experiences of Jamaica Plain High School, the Class of 1965 is not only well-educated, but well on the way to success. For success is not essentially achievement, but the willingness and capacity to confront boldly the inevitable difficulties of life. Remember Abraham Lincoln's self-appraisal: "I do the best I can, the best I know how, and I mean to do so to the very end." If you, members of the Class of 1965, fit this ideal into your lives, you will enrich your future and bring honor and advancement to your home, your community, your country—and at the same time fulfill in your days the sincere wish in the hearts of all you leave behind at Jamaica Plain High School—"Excelsior!"

VALEDICTORY

We, the class of 1965, have chosen Excelsior as our class theme because Excelsior gives us an ideal, something to guide us through the rest of our lives. In our years at Jamaica Plain High School, we have realized that perseverance, courage and optimism have characterized our leaders in studies and in athletics. But now, the student will no longer strive for excellence in his classes; the athlete will no longer fight for his school . . . our sheltered under-graduate life at Jamaica Plain High School is coming to an end. The ideals impressed on us at school will inevitably influence our attitudes towards our families, our friends, and our jobs. We can only hope that the theme of Excelsior, the drive which led us to strive for excellence in studies and in athletics, will guide us in our post-graduate endeavors.

MAGISTRAE EMERITAE

Miss Frances Forte

After a career of 43 years as a teacher of Fine Art, Miss Forte retired on January 4, 1965. With her departure, our faculty and students in particular, and the Boston Public Schools in general, will lose a hard-working, devoted teacher and friend. While there is joy that Miss Forte has reached this terminus in good health to enjoy an active and productive retirement, there is also much pain in the knowledge that her outstanding skill, as well as her personal charm and good influence, will be missing from the scene.

Miss Lillian McCarthy

Miss Lillian D. McCarthy came to Jamaica Plain High School from Roxbury Memorial High School for Girls in 1959. Her office practice course was thorough, personalized and adapted to techniques in the most up-to-date business office.

Miss McCarthy not only saw that her pupils were well prepared in the field of business, but also prepared for the ways of life and good living. She was jovial, inspiring, and very understanding. She would frequently explain the operation of a complicated machine four times and still have the patience to explain it again.

After dedicating 40 years of her life teaching students the fundamentals of business, she retired at the end of September, 1964. We who were associated with Miss McCarthy appreciate what a great loss to the school her departure means, but are glad to have the memory of her warm and inspiring personality.

***Before you accept
that first job ...

Look over
your
employer
as carefully
as he does
you***

What's the Company like anyway? Would I be proud to work there? Reputation for square dealing with employees? Pleasant surroundings?

Will I be working with others my own age? Are they friendly? Do they socialize after hours?

Will the boss be reasonable? Appreciate good, hard work, but won't explode if I make a mistake?

Will I make a decent week's pay? Have a chance for raises, advancement, more responsibility? How about fringe benefits?

Is the work challenging? I had what it takes to get through high school. Will they give me a chance to use my brains?

Note: Many young men and women in this area can answer "Yes" to these questions. They work for New England Telephone Company ... New England's largest employer.

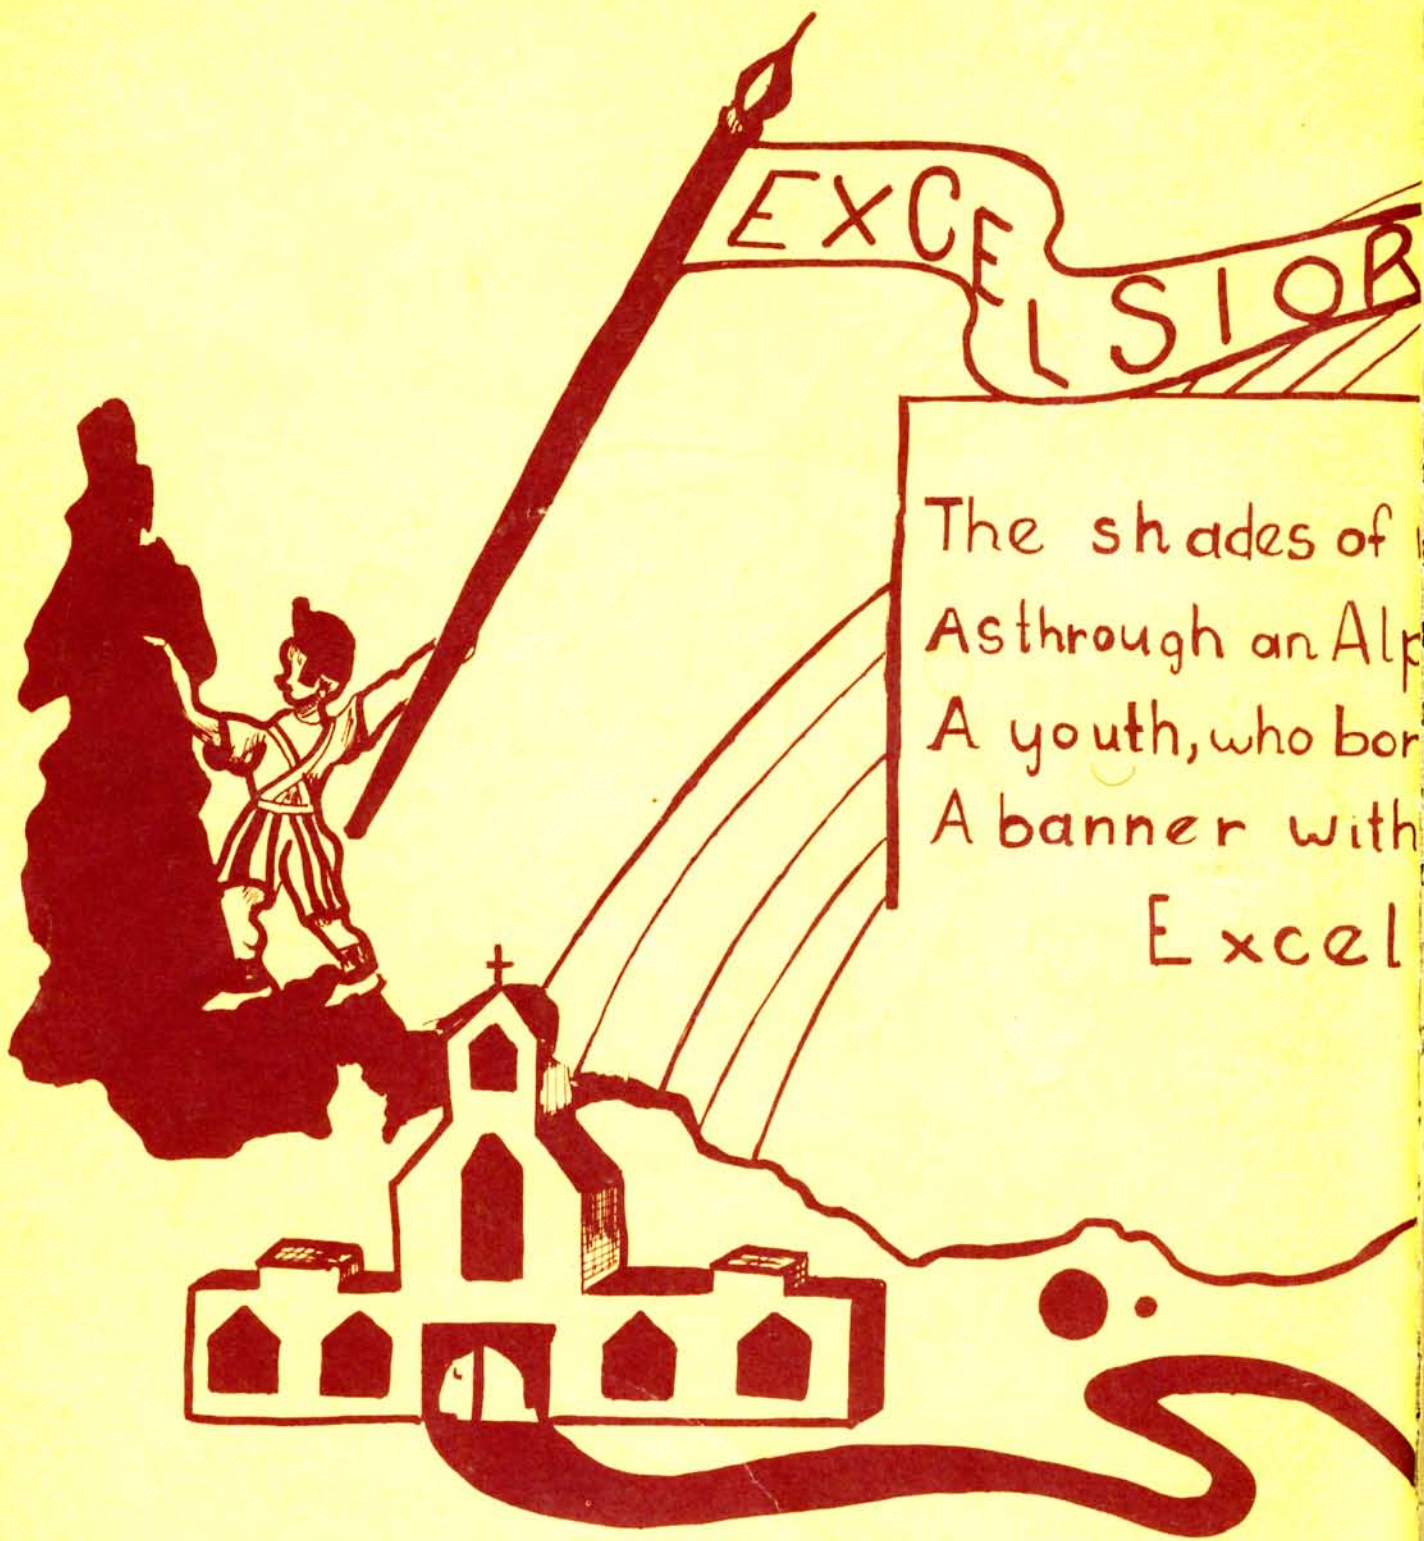

Why not talk with our employment interviewer soon ... before you graduate? Ask your Guidance Counselor to tell you when and where to apply.
