Print Source Evaluation Sheet

CAARS

Not every author knows what he or she is talking about. There are always people who simply want to make a profit. Here is an easy way to decide if a source is valid and worth your time. Read the criteria below to decide if the source displays the CAARS criteria or not. Use a scoring scale of 0-5; where 0 is the worst in a criterion and 5 is the best. Then write a brief evaluation of the source.

There are a total of 5 points for each criterion. A Total score of:

23-25 = Excellent  
21-22 = Good  
19-20 = Fair  
18-below = Poor
