About The Society of Publication Designers:

The Society of Publication Designers (SPD) is a non-profit organization dedicated to promoting and encouraging excellence in editorial design. Since forming in 1965, SPD prides itself on being the only organization with a specific focus on the visual editorial concerns of print and digital professionals. Helmed by a Board of Officers and Directors who consist of industry professionals working in editorial design, photography, and illustration in print publications and digital platforms, SPD serves as a resource and community for like-minded people. Annually, SPD hosts a design competition where we receive thousands of entries from all over the world. The results are announced at a black-tie Awards Gala before being commemorated in our Publication Design Annual, a beautifully printed hardcover book that is an invaluable resource for anyone working in editorial design.
